GC man is electrocuted

Robert Wayne Cole, 35, of 2913 Cayuga St., was electrocuted early Friday morning on an 80-foot high tension tower on Seward Road a half mile south of Interstate 270.

Mr. Cole's body, hanging from a girder of the Union Electric Co. tower that carries lines servicing substations at Mitchell, on the Chain of Rocks canal and Venice, was found by two Union Electric supervisors who were checking the line to determine the cause of a power failure.

Mr. Cole was pronounced dead at the scene at 4:40 a.m. by Madison County Deputy Coroner Randy Irwin.

The short-circuit in the line caused by his electrocution knocked out power service for approximately 400 customers in the Mitchell area, according to Union Electric Manager Robert Temms. He said the power disruption occurred at 1:10 a.m. Friday.

Mr. Cole's body was badly burned on the head, chest and upper arms. The line carries 34,000 volts.

Temms said power was restored about 2 a.m. by the supervisors who then began checking the line. A Granite City fire truck was called to provide a ladder on which the power company supervisor, Paul Riley, brought down the body.

Sheriff's deputies are investigating to determine why Mr. Cole was on the tower.

Born in Mississippi County, (Continued on Page 2)

Weather outlook for this region

Clear to partly cloudy today and Tuesday with isolated afternoon and evening thunderstorms. High today and Tuesday about 80. Low tonight near 70. Chance of showers and thunderstorms Wednesday through Friday with highs in mid-80s and lows in mid-60s.

Record shipping volume at port

The Tri-City Regional Port, located on the Chain of Rocks Canal, handled 620,000 tons of various commodities during the past year, representing an increase of 116,000 tons over the previous year, a study showed today.

The movement of these products involved 6,000 rail cars, 5,600 trucks and 475 barges, officials said.

The products were handled through terminals at the Port operated by Bulk Service Corporation and Apex Oil Company.

The figures do not include tonnage for the Granite City Steel and St. Louis Terminal docks. These docks were

acquired this spring by the Tri-City Port from the Bi-State Development Agency.

The local port serves as an intermodal transfer point for Midwestern, transcontinental and overseas commodity shipments and receipts.

The Port District has initiated a major development program intended to enhance the economy of Southwestern Illinois.

Since the start of the development program, projects accomplished or are in process include:

1. Expansion of the tank "farm" and liquid terminal.

2. Acquisition of the Bi-State Development Agency's port

facilities in the harbor. The Port District now offers a full range of port services including general cargo operations, it is being emphasized.

3. Construction of a \$2,750,000 dry bulk commodity transfer facility expected to start this fall, depending on state legislation which is now pending. The present dry bulk facility is now operating at full capacity.

4. Site improvement, road improvement and water line construction for industrial park development, which will be under construction in approximately one month. Funds for this project were obtained from a federal economic development grant.

3 crash deaths

Schardan

George H. Schardan, 42, of 4833 Carl St., was killed and two persons were injured early Sunday in a three-car accident on Illinois Route 16 one-quarter mile north of Williamson Road, north of Edwardsville.

Mr. Schardan was pronounced dead upon arrival at Staunton Memorial Hospital at 1:15 a.m.

Illinois state police said a northbound car driven by Mr. Schardan apparently crossed the centerline and collided head-on with an auto driven by Del D. Steigemeier, 18, of Livingston.

Both wrecked vehicles were then struck by a car driven by Del D. Steigemeier, 18, of Livingston. Steigemeier and Steigemeier were injured and were taken to the Staunton Hospital.

Schardan, a clerk at Granite City Steel for the past 13 years, was born at Midway, Ill., and was a World War II veteran.

He is survived by his wife, Mrs. Geraldine (Urich) Schardan, five sons, George and Richard both of Benld, Ill., and Gary, Joseph and Roger, all of Staunton, three daughters, Debra of Benld, and Marybeth and Tammy Sue, both of Staunton; his parents, Mr. and Mrs. William Schardan Sr., of Staunton; a sister, Mrs. Edith Passetti of Staunton; and two brothers, Leslie of Staunton and William of Bunker Hill.

Funeral services will be held Wednesday at 1 p.m. at Williamson Funeral Home, Staunton. Burial will be at Staunton's Memorial Park Cemetery.

HOUSE BURGLARIZED

Items valued at \$190 were taken from the home of Robert Lovins, 2322 O'Hara St., after a basement window screen was forced open to gain entry, it was reported to police at 6:09 p.m. Saturday. Taken were a stereo and two speakers worth \$140, and an AM-FM clock-radio valued at \$50.

DENNIS RICH

Rich

Dennis W. Rich, 18, of 3014 Washington Ave., died at 6:20 p.m. Thursday at Firmin Desloge Hospital of injuries sustained in a motorcycle and car accident on July 27.

He was admitted to the St. Louis hospital in critical condition with head injuries and had been a patient there since the time of the accident.

He and his father, Eulie Rich, of the same address, were riding the motorcycle which collided with an auto driven by Victor D. Coleman, 1601 Wellington Drive, at 3:30 p.m. on July 27.

The father was admitted to St. Elizabeth Hospital in fair condition with lacerations and abrasions to the right elbow and left shoulder. He was released from the hospital here last Monday.

A lifelong resident of Granite City, the younger Mr. Rich was a member of Bethel Chapel Pentecostal Church. Survivors include his parents, Mr. and Mrs. Eulie (Wilma) Rich, and two sisters, Debra and Elizabeth Rich, all of Granite City; grandparents Edward Markham of California, Mrs. Mae Belle Kirksey of Granite City and the late Mrs. Hazel Markham.

Funeral arrangements are given in the obituary column.

Rock

Hilbert L. Rock, 59, of Rural Route One, Box 1348, Granite City, was injured fatally and Roger L. Cook, 38, of 2528 E. 25th St., was hospitalized after their autos collided at Federal Aid Route 151 and Rock Road at 8 p.m. Saturday.

Mr. Rock was taken by ambulance to St. Elizabeth Hospital and was transferred to Barnes Hospital, St. Louis, where he died at 10:30 p.m. Saturday.

Cook also was taken by ambulance to the hospital where he was admitted with head and shoulder injuries.

A Granite City Fire Department rescue unit was on the scene 45 minutes removing one man who was pinned in his car. Witnesses said Cook's auto was northbound on Route 151 when the eastbound car of Mr. Rock attempted to cross the highway.

A lifelong resident of Granite City, Mr. Rock had been employed for nine years as a custodian for Granite City School District 9.

He was member of St. John United Church of Christ and was an Army veteran of World War II.

Survivors include his wife, Mrs. Norma Rock; one son, Randy Rock of Edwardsville; a brother, Fred Rock Jr., died July 1974.

Robbery at Lord Nelson

Two men, one armed with a 20-gauge shotgun, escaped a pursuing Pontoon Beach policeman Saturday after robbing Lord Nelson's Clothing Store, 4022 Pontoon Road, of \$230 cash at about 9 p.m.

Patrolman Rich McIntosh said he lost the two holdup men in tall weeds in a field behind the store after the two forced four employees of the store to empty their wallets of \$200, and then took another \$130 from a cash register.

PLANS FOR SCHOOL VOTE are reviewed by members of a citizens' advisory committee. A bond election will be held Sept. 27 in the Madison school district on construction of a new junior high school. Discussing the topic last week at a meeting are (left to right) Mrs. Donna Thomas, Clarence Green, Richard

Kismir (standing) and William D. Seiple of the Illinois School Consulting Service. A meeting of the entire committee is planned at 7:30 p.m. Tuesday, Aug. 19, to study sites and financing. The state has approved a \$1,769,925 grant for the \$2,528,464 school. (Press-Record Photo)

Citizens making plans for Madison bond vote

A citizens selection committee, the Madison School Board and representatives of the Illinois School Consulting Service met in a special session last week to discuss the bond issue election for a new middle school (junior high school) scheduled in Madison on Saturday, Sept. 27.

The selections committee, along with the board, discussed the time table required to prepare for the special election. The group also selected several persons to work with them on presenting the needs and reasons for the new school to the public.

A meeting of the entire citizens committee will be held at 7:30 p.m. Tuesday, Aug. 19, at the Madison Recreation Center where the group of about 75 citizens will select a chairman, review sites, and determine if an increase will be needed in the current tax now being paid.

According to Superintendent of Schools John Palchick, "We

are working right now to determine the financial cost to the citizens. We have a construction bond issue passed in 1959 that will retire soon. If we do need a tax increase for the new school it will be very small. This will be decided at the Aug. 19 meeting."

Members of the citizens selections committee that met Tuesday are: Mrs. Donna Woodward, Mrs. Lenora Brown, Mr. and Mrs. Robert Noud, the Rev. Ellis Seals, Mrs. Gladys

Garrett, Sister Bernadette, John Ervin, Mrs. Barbara Madison, the Rev. C. C. Waters, Dale Crawford, Mrs. Delores Economy.

Richard Kismir, Mrs. Georgia Stawar, Father Walter Lecko, Harvey Haynes, the Rev. Paul Davis, Mrs. Donna Thomas, Earl Toffian, Donald Brickley, Judy Ballard, Mrs. Ida Dant, Mrs. Lois Wilson, Mrs. Jo Hulse, Ronald Grayhawk, Earl McClanahan, Ray Korisick, Porter Cawly and Mayor Mike Sasyk.

Attack by man posing as agent

Granite City police are seeking a man who posed as an insurance agent at about 5 p.m. Friday to gain access to a woman's home in the 2500 block of Washington Avenue and then raped her.

Authorities said the man—described as 5-10, 165 pounds, with grey wavy hair, a large nose, in his late 50s or early 60s, neatly dressed in a suit and tie, and wearing a diamond ring on his right hand—knocked on a door of the home and identified himself as a representative of a local insurance company.

The woman said she admitted the man to her home because

she was expecting someone from an insurance company to complete a report on an accident her husband had about three weeks ago.

She related the man sat down on a living room couch and opened his briefcase as if he was going to prepare a report, and asked her to sit near him so that he could hear her better.

When she complied with his request, the man tore off her blouse, grabbed her around the neck and began fondling her.

He forced her to lie face down on a rollaway bed in the room and removed the rest of her

(Continued on Page 2)

GC man robbed of \$5,000

Gerald W. Wallace, 1619 Delmar Ave., reported to sheriff's deputies at 5:55 p.m. Thursday that he was robbed of \$5,000 while he was parked on Sandy Lake Road at Horseshoe Lake early Thursday morning.

Deputies quoted Wallace as saying that he had the \$5,000 in a house as a down payment on a house.

Authorities said Wallace told them that he met a girl friend Wednesday evening and again later Wednesday night, and after leaving her had gone to St. Elizabeth Hospital because he was suffering chest pains.

He said he called his girl friend from the hospital to tell her he was not remaining at the hospital, and then drove to

Sandy Lake Road "to think" officers reported. Between 2 a.m. and 3 a.m. Thursday, a woman knocked on the car window and told Wallace she was his girl friend.

He said the woman was not his girl friend and that he told her if his girl friend wanted to talk to him she should come to the car, deputies said Wallace related.

He said the woman then struck him on the head and forced several pills into his mouth. He later became unconscious and did not awake until later Thursday, according to deputies.

The \$5,000 missing when he regained consciousness, Wallace reported.

ACCOUNTABILITY MEETING to be held by the Tri-Cities Area Chamber of Commerce Wednesday night, Aug. 20, at Trinity Hall, Madison, is discussed by (left to right) Edward F. Reiske, Meeting

Chairman, John N. Belkoff, C. E. Blankenship and David Partney. Chamber progress and plans will be reviewed. (Press-Record Photo)

\$50 million treatment grant at stake in regional program

An application for a \$300,000 federal grant to finance an engineering study for construction of a regional secondary sewage treatment system that would serve 15 communities in Madison and St. Clair Counties will be made soon to avert possible loss of a \$50 million grant.

Decision to undertake the study as "phase one" of the overall treatment program was reached Friday night in a meeting of 40 Madison and St. Clair county and municipal officials in which Richard Brice, director of the Illinois Environmental Protection Agency, said that unless immediate development of the program is begun, the federal grant for plant construction may be assigned to some other area.

The officials proposed that Madison and St. Clair Counties act as the lead agency in seeking the planning grant and Nelson Hagnauer, chairman of the Madison County Board, and Phillip Taylor, director of administration for St. Clair County, said they would take the lead in obtaining the respective county boards in meetings this month.

In response to a question by Harold Baker, attorney for the village of Sauget, Brice said that the participation of the two counties in obtaining the planning grant would not commit the counties to lead agents in the later phases of the program.

Friday's meeting at Southern Illinois University at Edwardsville was called by Brice to initiate steps for a regional treatment system that would serve the Madison and St. Clair county areas that make up the East Side Levee and Sanitary District.

For the past two years, efforts to get such a program under way through organization of the Metro-East Regional Treatment Association (MERTA) have met repeated failure because of inability of officials of the communities involved to agree on a plan of supervision and administration for such a program.

Brice said the meeting that the federal government has earmarked \$50 million for planning and developing a plant or plants in this area, but the deadline to be ready for construction is September 1977.

If it becomes evident that progress is not being made "We would immediately take steps to allocate the money to others," Brice said the

meeting, noting that "There are 800 communities standing in line—waiting. We are not going to lose the \$50 million for Illinois."

Under the proposal the program would involve three phases: planning, organization of program sponsorship, and actual construction, Brice said.

The meeting agreed that the Southwest Illinois Regional Planning Commission (SIMAPC) should coordinate the planning.

As a result of the disagreement over administration of the program by MERTA, a proposal that the levee district's Landowner's primary treatment plant be diverted into Granite City's new secondary plant when it is completed has been considered.

This suggestion has been given considerable support by Mayor Mike Sasyk of Madison and Mayor "Mike" Ebersold of Venice. Venice and Madison now are served by the Landowner's primary treatment plant.

Under the MERTA plant cost of secondary treatment facilities was estimated at \$32 million, but because of rising construction cost the price has increased to \$50 million, according to Michael Maury, Springfield, manager of environmental protection for the Illinois EPA. He said this is a "very rough figure."

To obtain the full \$50 million, the communities involved would have to provide a matching 25 per cent share of \$12.5 million.

Defend payment by foundation

Norton Kay, press secretary of Governor Donald Walker, said Thursday night it is "absolutely scurrilous" to assume there is any link between a bill to create a second Southern Illinois University board and a \$1,000 payment to the Walker-affiliated Illinois Democratic Fund.

The SIU Foundation at Edwardsville paid for a ticket to Governor's Day, a July 14 fund-raising event that included golf and visits with celebrities.

SIU President John Rendleman said, "We weren't trying to influence the governor on any specific issue. We just want to be considered a good friend of the governor, regardless of how some people might interpret this."

Counsel John Paul Davis of SIUE said the ticket was bought from the foundation's university development fund, designed for "receptions, dinners and entertainment activities to further the university's legitimate activities."

"I doubt if the fund's ever had more than \$3,000 in it," he said in a dinner given for area legislators.

Davis said the Governor's Day dinner is the only chance a private citizen has to have to meet with various state agency and department officials on an informal basis.

In the unrelated matter, State Treasurer Alan Dixon said it is "nonsense" to criticize his use of political donations to buy a blanket bedspread and sheets for his official apartment in Springfield.

"This wouldn't have been a line a word, a person if I'd bought it out of state funds," he contended.

It is proper to use state funds for the official residence, and he decided to use campaign funds to save state government money, Dixon added.

Department heads of Gov. Walker voted Thursday to exclude Lieutenant Governor Neil Hartigan from a major role in the new Abandoned Mine Lands Reclamation Council that Hartigan heads.

Fire destroys house in Venice

A vacant frame house at 411 Mercedia St., Venice, owned by Claude Garrett, was destroyed by fire Thursday, and Venice firemen said the possibility of arson will be investigated.

The house was being renovated. Firemen said the structure was engulfed in flames when they arrived. Firemen were at the scene an hour, and then returned later to water down burning embers. No damage estimate was available.

Attack

(Continued from Page 1)
clothing before raping her.

In departing, he warned, "You had better keep your mouth shut."

She locked the door behind him, observing him drive away in a blue automobile, and called police. She was taken to a hospital for treatment of bruises.

GC man

(Continued from Page 1)
Mo. he resided here 18 years.

He formerly was employed as a deck hand for National Marine Co.

Survivors include his wife, Mrs. Cynthia Cole; a 3-year-old daughter, Donna Marie Cole; his parents, Mr. and Mrs. Robert (Virginia) Cole; two sisters, Mrs. Arveta Sue Krug and Mrs. Evelyn Cornett; a grandmother.

Funeral services were held today. Details are given in the obituary column.

Robbery

(Continued from Page 1)
off to alert police.

McIntosh said he arrived at Lord Nelson's just as the two men were running into the weeds. He followed them a short distance into the field "Until the weeds became taller than me."

Descriptions given police of the two were: one about six-foot tall, weighing 170 pounds, wearing faded blue jeans, a khaki-colored shirt, and had a stocking cap pulled over his face; and the other having short, black hair and wearing a short-sleeved shirt.

It was the second time within a week the store was robbed. On Tuesday last week, two men wearing stocking masks, one armed with a .38 caliber pistol, robbed the store of \$135 and took \$50 from a clerk.

Obituaries

COLE, ROBERT WAYNE, 2315 Cayuga St., Edwardsville, Ill., died at 4:40 a.m., Friday, Aug. 8, 1975.

Beloved husband of Mrs. Cynthia Cole; dear father of Donna Marie Cole; dear son of Mr. and Mrs. Robert (Virginia) Cole; dear brother of Mrs. Arveta Sue Krug and Mrs. Evelyn Cornett; dear grandson of Mrs. Otter Monday; dear uncle.

Funeral services 1 p.m. today, Monday, Aug. 11, at MERCER MORTUARY Chapel, 1416 Niedringhaus Ave., Interment Valley View Cemetery, Edwardsville.

DODD, LESLIE G., 2007 Dewey Ave., Edwardsville, Ill., died at 6:30 a.m. Saturday, Aug. 8, 1975, at Colonades Nursing Home.

Beloved husband of Mrs. Leslie (Annie) Dodd; dear father of Mrs. Janice Cook and Mark Dodd; dear brother of Brandon Dodd, Mrs. Mildred Woodson, and Mrs. Earnestine Wood. Dear grandfather.

Funeral services 11 a.m. today, Monday, Aug. 11, at Anglin Funeral Home, Dover, Tenn. Burial in MERCER MORTUARY, 1416 Niedringhaus Ave., Granite City, Interment Heflin Cemetery, Dover, Tenn.

GROOTHUIS, MRS. CLARA MARIE, Collinsville, Edwardsville, Ill., died at 12:35 a.m., Sunday, Aug. 10, 1975, at St. Joseph Hospital, Highland.

Beloved wife of the late Floyd J. Groothuis; dear stepmother of Mrs. Pat Lewis, Mrs. Joyce Taggart and Mrs. Shirley Taggart; dear step-grandmother.

Funeral services 11 a.m. Tuesday, Aug. 12, at HERR FUNERAL HOME Chapel, 501 Bank Rock, dear brother of the late Fred Rock Jr.

Funeral services 11 a.m. Tuesday, Aug. 12, at MERCER MORTUARY Chapel, 1416 Niedringhaus Ave., Interment St. John Cemetery, 2901 Nameoki Road. Visitation after 7 p.m., today.

RAYMOND, FRED, 2004 Richmond Ave., Edwardsville, Ill., died at 11:45 p.m., Thursday, Aug. 7, 1975, at St. Elizabeth Hospital.

Beloved husband of Mrs. Lillian San Soucie; dear father of Michael, Fred David, Sandra Marie and Mrs. Sandra Meyer; dear brother of Mrs. Virginia Heckerlecker, Mrs. Wanda Roshing, Mrs. Yvonne Reiter, Mrs. Marie Walter, Mrs. Edna Meadows, Edward, Earl and Howard San Soucie; dear son of Fred E. San Soucie and Mrs. Hattie Flick; dear grandfather, uncle, nephew and cousin.

Funeral services 10 a.m. Monday, Aug. 11, at MERCER MORTUARY Chapel, 1416 Niedringhaus Ave., Interment Sunset Hill Cemetery, Edwardsville Township. Memorials to the Cancer Society. Masonic services were held at 8 p.m. Sunday.

STRAKA, JOSEPH SR., 2211 Waterman Ave., Edwardsville, Ill., died at 7:25 a.m. Saturday, Aug. 9, 1975, at St. Elizabeth Hospital.

Dear father of Joseph Straka Jr.; dear grandfather of Mrs. Jackie Reinagel, Mrs. Jeanette Hoedebecke, Mrs. Geraldine Cash and Joseph Straka III; dear uncle; dear grandfather, great-grandfather and great-great-grandfather.

Funeral services 11 a.m. today, Monday, Aug. 11, at St. John Lutheran Church, St. Clair Avenue and Dale Street, Granite City, from SEDLACK FUNERAL HOME, 615 Madison Ave., Madison, Interment St. John Cemetery, 2901 Nameoki Road.

THEIS, MRS. VALERIE A. (Michele), Rural Route Two, Old Alton Road, Mitchell, Edwardsville, Ill., died at 11:30 p.m. Thursday, Aug. 7, 1975, at Anna Henry Nursing Home, Edwardsville.

Beloved wife of the late August Theis; dear mother of Mrs. Marguerite Lexow; dear sister of Albert Michel, Mrs. Marguerite Little and Mrs. Yvonne Guth; dear grandmother, great-grandmother and sister-in-law.

Funeral services 2 p.m. today, Monday, Aug. 11, at St. John United Church of Christ, 2901 Nameoki Road, from MERCER MORTUARY, 1416 Niedringhaus Ave., Interment St. John Cemetery.

WALLACE (Infant child), 1939 Grand Ave., Edwardsville, Ill., died at 9:45 a.m. Friday, Aug. 8, 1975, at St. Elizabeth Hospital.

Dear child Mr. and Mrs. James (Barbara) Wallace; dear grandchild of Mr. and Mrs. Herman Wallace; and dear great-grandchild of Mr. Lockley Thompson.

Gravestone services were held Saturday, Aug. 9, at 11 a.m. at St. John Cemetery, 2901 Nameoki Road, from DAVIS FUNERAL HOME, 21st Street and Cleveland Boulevard.

Illinois visits by Pres. Ford

President Gerald Ford will fly to Peoria and Peoria Aug. 19 to address separate functions there and will also speak at a Hardwood Industry conference in Chicago on Aug. 25. The White House has announced.

All three of his Illinois appearances will take place during side trips he will make while on a work-and-rest vacation in Vail, Colo., that began yesterday.

On Aug. 19, Mr. Ford will first attend an editors' and broadcasters' breakfast in Minneapolis and also will address an American Legion convention there before flying to Peoria.

Pausing only briefly, the President will go on to Peoria to participate in dedication ceremonies of the Everett McKinley Dirksen Research Center.

He will return immediately to Peoria to make the closing remarks at a White House conference on the economy. The appearance is tentatively set for about 4:30 p.m.

The President plans to leave Peoria at 5:30 p.m. to return to Vail. The White House had few details of the Aug. 25 Chicago appearance other than it is scheduled to be held at 11 a.m. at McCormick Place. Later that day, Mr. Ford will fly to Milwaukee.

ROCK, HILBERT L., Box 1488, Rural Route One, Granite City, Ill., died at 10:30 p.m. Saturday, Aug. 9, 1975, at Barnes Hospital, St. Louis.

Beloved husband of Mrs. Norma Rock; dear father of Hank Rock; dear brother of the late Fred Rock Jr.

Funeral services 11 a.m. Tuesday, Aug. 12, at MERCER MORTUARY Chapel, 1416 Niedringhaus Ave., Interment St. John Cemetery, 2901 Nameoki Road. Visitation after 7 p.m., today.

SOUCE, FRED, 2004 Richmond Ave., Edwardsville, Ill., died at 11:45 p.m., Thursday, Aug. 7, 1975, at St. Elizabeth Hospital.

Beloved husband of Mrs. Lillian San Soucie; dear father of Michael, Fred David, Sandra Marie and Mrs. Sandra Meyer; dear brother of Mrs. Virginia Heckerlecker, Mrs. Wanda Roshing, Mrs. Yvonne Reiter, Mrs. Marie Walter, Mrs. Edna Meadows, Edward, Earl and Howard San Soucie; dear son of Fred E. San Soucie and Mrs. Hattie Flick; dear grandfather, uncle, nephew and cousin.

Funeral services 10 a.m. Monday, Aug. 11, at MERCER MORTUARY Chapel, 1416 Niedringhaus Ave., Interment Sunset Hill Cemetery, Edwardsville Township. Memorials to the Cancer Society. Masonic services were held at 8 p.m. Sunday.

STRAKA, JOSEPH SR., 2211 Waterman Ave., Edwardsville, Ill., died at 7:25 a.m. Saturday, Aug. 9, 1975, at St. Elizabeth Hospital.

Dear father of Joseph Straka Jr.; dear grandfather of Mrs. Jackie Reinagel, Mrs. Jeanette Hoedebecke, Mrs. Geraldine Cash and Joseph Straka III; dear uncle; dear grandfather, great-grandfather and great-great-grandfather.

Funeral services 11 a.m. today, Monday, Aug. 11, at St. John Lutheran Church, St. Clair Avenue and Dale Street, Granite City, from SEDLACK FUNERAL HOME, 615 Madison Ave., Madison, Interment St. John Cemetery, 2901 Nameoki Road.

THEIS, MRS. VALERIE A. (Michele), Rural Route Two, Old Alton Road, Mitchell, Edwardsville, Ill., died at 11:30 p.m. Thursday, Aug. 7, 1975, at Anna Henry Nursing Home, Edwardsville.

Beloved wife of the late August Theis; dear mother of Mrs. Marguerite Lexow; dear sister of Albert Michel, Mrs. Marguerite Little and Mrs. Yvonne Guth; dear grandmother, great-grandmother and sister-in-law.

Funeral services 2 p.m. today, Monday, Aug. 11, at St. John United Church of Christ, 2901 Nameoki Road, from MERCER MORTUARY, 1416 Niedringhaus Ave., Interment St. John Cemetery.

WALLACE (Infant child), 1939 Grand Ave., Edwardsville, Ill., died at 9:45 a.m. Friday, Aug. 8, 1975, at St. Elizabeth Hospital.

Dear child Mr. and Mrs. James (Barbara) Wallace; dear grandchild of Mr. and Mrs. Herman Wallace; and dear great-grandchild of Mr. Lockley Thompson.

Gravestone services were held Saturday, Aug. 9, at 11 a.m. at St. John Cemetery, 2901 Nameoki Road, from DAVIS FUNERAL HOME, 21st Street and Cleveland Boulevard.

Few job offers to college graduates

In its final report of the year, the College Placement Council has confirmed a drop in the number of employment offers made to college graduates.

David Van Horn, director of University Placement Services at Southern Illinois University at Edwardsville, said figures released by the Council show employment offers at the bachelor's level are down 24 per cent in comparison with last year. There has been an 18 per cent decrease in offers at the master's level and a drop of 37 per cent for doctors of philosophy.

The survey is based on offers, not acceptances, made to students in selected curricula and graduate programs during the normal recruiting period, September to June.

Teaching positions are not included in the survey, the director noted.

Despite the drop in volume, the average dollar values of offers in the engineering disciplines surveyed continued to move upward, Van Horn said.

Engineering increases for the year ranged from 15 to 15 per cent. This gain in dollar values pushed the average chemical engineering average to \$1,196 a month. The average for all bachelor's engineering disciplines was \$1,119.

By type of employer, manufacturing and industrial firms made the sharpest cutback in recruiting activity at the bachelor's level, with an overall decrease of 29 per cent in the number of offers. The largest reductions were by automotive and mechanical equipment companies, and rubber, plastics, and public utilities, Van Horn said.

Only two types of industrial firms made more offers this year than in 1975-74. Petroleum had an increase of 27 per cent, while food and beverage processing firms increased one per cent.

By functional areas, engineering positions made up nearly half of all offers reported at the bachelor's level. Eighty-six per cent of the offers were made to men and 14 per cent to women.

The scarcity of women graduates in high-demand disciplines contributed substantially to this differential, according to Van Horn.

Despite the emphasis on hiring more women, they received fewer job offers than a year ago, the director said.

On the other hand, women majoring in accounting and most engineering disciplines received slightly higher salary offers than men. In all other disciplines, salary offers to women were lower, Van Horn reported.

At the master's level, 61 per cent of all offers reported went to master of business administration (MBA) candidates, with those who had a non-technical undergraduate degree receiving the most offers.

The higher dollar average, however, was for MBA candidates with a technical background — \$1,324 a month. Next came chemical

engineering with an average of \$1,310; mechanical engineering, \$1,274; and MBA's with a non-technical background, \$1,250. The overall engineering average was \$1,251.

The number of offers to women master's candidates increased 11 per cent over a year ago, with 70 per cent of women's volume being in the

MBA categories.

The increases in dollar averages at the doctoral level were moderate. Mathematics rose to \$1,523 a month, a gain of more than 13 per cent over last year, while mechanical engineering went up to \$1,624, an increase of nearly 10 per cent. The doctoral engineering average was \$1,610.

Scouts to launch 56th program year

The 56th program year of scouting in this area will kickoff Thursday, Aug. 21, with a "Join Us" membership campaign for new Cub Scouts, Boy Scouts and Explorer members, according to E. Ray Grisham, president of the local Cahokia Mound Scout Council.

"We are inviting each unit leader to attend a special meeting on Aug. 21, being held in each of the three districts, so they may get a complete rundown on our round up plans and events," Grisham said. Units in the Uniwh (Quad-

Cities) district are being asked on Aug. 21 to send a representative at 7:30 p.m. to the Niedringhaus Methodist Church, 20th Street and Delmar Avenue.

Leaders or their representatives attending the meeting will receive a special roundup coffee mug and one of the roundup emblems.

Robert LeGrand is serving as general chairman for the special "Join Us" drive, according to Dr. Thomas Layloff, district chairman.

AIR FORCE COMMENDATION medal is awarded Technical Sergeant Arthur L. Long Jr. of Granite City, right, at Lackland Air Force Base, Tex. Making the presentation is Col. A. B. Rupert, commander of the department of security police training.

A. L. Long earns Air Force medal

An Air Force technical sergeant from Granite City has been decorated with the U. S. Air Force Commendation Medal in ceremonies at Lackland AFB, Tex.

Sergeant Arthur L. Long Jr., son of Mrs. Rebecca L. Rampspott of 2552 Revere's Route, was cited for meritorious service as chief of security

police training and first sergeant for Detachment 1, 9th Bomb Wing, Bergstrom AFB, Tex.

Now assigned at Lackland, he serves as a security police instructor with a unit of the Air Training Command.

The sergeant attended Granite City High School.

Optimists told taxes deter new industries

Illinois has a difficult time competing with other states in attracting new industry due to high corporation taxes, according to Richard Dykes, executive director of Illinois Metro-East, an industrial development corporation, told the Thursday noon meeting of the Optimist Club in the YMCA. He said that the only state with higher taxes is New York. Other factors that make it difficult to attract business to

Mon., Aug. 11, 1975 Page 3
Illinois include insurance costs, and the labor image.
The speaker also noted that many of the Illinois Environmental Protection Agency (EPA) rules and regulations are much stricter than in many other states.
Next week Robert Bass, executive director of the U.S. State Development Agency, will be the guest speaker.

WHAT YOU SHOULD KNOW ABOUT DIRECT DEPOSIT OF YOUR SOCIAL SECURITY CHECK

QUESTION

How do you benefit from direct deposit of your Social Security Check?

ANSWER

The Treasury Department encourages Social Security recipients to deposit their payments directly to a financial institution. This saves a special trip to the bank and it eliminates worry about the check being lost, stolen, or arriving in the mail while you are away from home.

QUESTION

Can your Social Security check be deposited to either your Savings account or Checking account?

ANSWER

By law, your check can be directed to one specific account, either your Checking or Savings. Each month, the amount of your payment will be put into your account on the same day you normally receive the check in the mail.

QUESTION

How do you sign up for this service?

ANSWER

Stop by Granite City Trust with your next Social Security check. We will help you complete the direct deposit form with the information printed on your check. You will receive one copy of the form and the other one will be sent to Social Security. There is no charge for the service.

Much steel imported in first half

Through the first half of 1975, the United States imported substantially more foreign steel than it did during the same period of last year.

According to government data, 6,389,000 tons of foreign steel arrived in this country during the first six months of this year — an increase of nearly 16 per cent from the 5,565,000 tons imported in the same period of 1974.

Stainless steel has come under severe import pressure this year. During the first half of 1975, imports of stainless were nearly 50 per cent greater than their total for the comparable period of last year.

Pig iron imports through June were more than double their comparable 1974 total. In the first six months of this year, the value of steel imports grew at a much faster rate than the volume.

By the end of June, this year's steel imports had a total declared value of \$2,552,097,000 — an increase of more than 58 per cent from the \$1,613,849,000 declared value of steel imported during the first half of last year.

June's steel imports reached 227,000 tons, up from 856,000 tons the previous month. The increase included a jump of 27 per cent in foreign shipments of tool steel into this country.

Through the first six months of this year, the nation's trade deficit in steel mill products reached \$1.5 billion.

Bad check passed

Police are seeking a man who cashed a payroll check reportedly stolen from Valley Material Co., of Valley Park, Mo., in the amount of \$33.71 at Doris' Restaurant, 1820 State St., on July 30.

The incident was reported to authorities here last week after the check was returned from a bank here listed as stolen. A witness, who was in the restaurant when the man cashed the check, told police he had other payroll checks from the same Missouri company in the amount of \$200 and \$400 in his pocket.

Fred San Soucie, 55, dies

Fred Raymond San Soucie, 55, of 2004 Richmond Ave., died at 7:35 a.m. Thursday at St. Elizabeth Hospital where he had been hospitalized five days.

He was a member of St. John United Church of Christ and belonged to Masonic Lodge 885.

Mr. San Soucie was born in Blackwell, Mo., and resided here 30 years. He was a self-employed auto dealer for 20 years and was associated with Maddox Motors Inc.

Survivors include his wife, Mrs. Lillian San Soucie; two sons, Michael and Fred David

Wallace infant Mrs. Valerie Theis dies at birth

The infant child of Mr. and Mrs. Joe (Barbara) Wallace, 1858 Grand Ave., died at 9:45 a.m. Friday at St. Elizabeth Hospital, where the baby was born.

Other survivors are maternal grandparents, Mr. and Mrs. Hermon Wallace of Macon, Ga., and a great-grandmother, Mrs. Lockey Thompson of Granite City.

Services were held Saturday morning. Details are given in the obituary column.

Leslie Dodd dies at 61

Leslie G. Dodd, 61, of 2207 Dewey Ave., died at 6:30 a.m. Saturday at Colonnades Nursing Home where he had been a patient five days. He had been ill for the past five months.

A member of Second Baptist Church in West Granite City, Mr. Dodd was a train engineer here for the past 25 years at Granite City Steel. He was born in Stewart County, Tenn., and lived in the Quad-Cities for 30 years. He was a veteran of World War II.

He is survived by his wife, Mrs. Annie (Morgan) Dodd; one daughter, Mrs. Roger (Janice) Coakley of Granite City; one son, Mark Dodd of Granite City; one brother, Brandon Dodd of Bumpus Mills, Tenn.; two sisters, Mrs. Mildred Woodson of Big Rock, Tenn., and Mrs. William (Earnestine) Wallace of Bumpus Mills, Tenn.; and two grandchildren.

Funeral arrangements are given in the obituary column.

Jos. Straka Sr. dies at 92

Joseph Straka Sr., 92, of 2211 Waterman Ave., died at 7:35 a.m. Saturday at St. Elizabeth Hospital where he was a patient for the past 10 days.

Mr. Straka was born in Padina, Yugoslavia, and resided in the Quad-City area more than 50 years. He was a retired employee of the former Union Star Company here, and was a member of St. John Lutheran Church, St. Clair Avenue and Dale Street.

He was preceded in death by

Mrs. Groothuis succumbs

Mrs. Clara Marie Groothuis of Collinsville, a former elementary teacher in the Granite City School District, died at 12:55 a.m. Sunday at St. Joseph Hospital, Highland.

Mrs. Groothuis also was employed as a civil service employee prior to her retirement. She was a member of Collinsville Chapter 666, Order of Eastern Star, Purity Shrine 110, Order of the White Shrine of Jerusalem and the American Association of Retired Persons.

Her husband, Floyd J. Groothuis, died in 1958.

Survivors include three stepdaughters, Mrs. Leo (Pat) Lewis of Wheeler, Ill., Mrs. William (Joyce) Taggart, St. Louis, and Mrs. Jack (Shirley) Barry of Cincinnati, Ohio, and seven step-grandchildren.

Funeral arrangements are given in the obituary column.

Joseph Jordback, 85, dies

Joseph "Joe" Jordback, 85, of 1414 rear Fourth St., Madison, died at 2:05 p.m. Friday at John Cochran Veterans Hospital in St. Louis.

Funeral arrangements are given in the obituary column.

Services held for Mrs. Leonora Wiles

Funeral services were held at 2 p.m. Sunday at the Faith Baptist Church, Freeburg, for Mrs. Leonora Wiles, 58, of Freeburg, a sister of Mrs. Anna Hubler of Granite City.

Mrs. Wiles also leaves her husband, three sons, five grandchildren.

Mrs. Wiles died Thursday at St. Elizabeth Hospital, Belleville.

Show-Tell day Friday at Y

The Tri-Cities Area YMCA will conclude its summer season for youth on Friday, Aug. 15, with a special activities day. The title of the program will be show and tell day.

Children are to bring any non-living object they would like to show and tell about. At the end of the day, each child will get an opportunity to show and tell. In addition, there will be games, swimming, gym activities, popcorn, fortune telling and a crafts show.

Children are to bring a sack lunch from home. The day's activities will begin at 9 a.m. and end at 3 p.m.

More information may be obtained by calling the Y at 896-7200, or stop at the Y at 2001 Edison Ave. The Y is a United Way agency.

Mrs. Margie Key dies in hospital

Funeral services were held at 2 p.m. Saturday at the Bethel AME Church, Madison, for Mrs. Margie Key, 63, of 1227 1/2 Calhoun St., Venice.

Mrs. Key died Wednesday at St. Elizabeth Hospital.

Survivors include her husband, Hattie Key; three sisters, Mrs. Willie Smith of Stuttgart, Ark., Mrs. Elfreda Price of Lexington, Ky., and Mrs. Ethel Curry of Los Angeles, Calif.; and brothers John Powell of Chicago and Charlie Powell of Pine Bluff, Ark.

Rites held for Mrs. Severine

Funeral services were held Thursday morning at St. John Lutheran Church for Mrs. Eva (Palenka) Severine, formerly of Anchorage, Alaska. She died at 6 a.m. Tuesday at St. Elizabeth Hospital.

Her husband John Severine Sr. and son John Severine Jr. preceded her in death.

Survivors include two daughters, Mrs. George (Anne) Dombek of Granite City and Mrs. Eugene (Eva) McCune of Lemon Grove, Calif.; nine grandchildren and eight great grandchildren.

Burial was in Sunset Hill Cemetery, Edwardsville Township.

Caught between cars, injured

Gary Ridenour, 25, of Lot 213 Sunny Shore, reportedly was injured at 9:30 p.m. Thursday while he was standing in front of an auto he was attempting to start with battery cables, in the 2200 Block of Washington Ave. and the vehicle was struck by one driven by Charles R. Elledge, 3856 "B" Street.

Elledge told police an oncoming vehicle forced his car toward the side of the street causing it to strike the parked auto of Louisa Hall, Rural Route One, Granite City. The Hall auto was then pushed into the vehicle owned by Ridenour who was caught between the two.

Cameras stolen

Several items were taken from the home of Robert J. Fischer, Box 90 Route 160 last week while Fischer was in the process of moving, sheriff's deputies reported. Entry was gained by prying open a door.

Taken were a Polaroid camera valued at \$150; a movie camera valued at \$15; an electric hair brush valued at \$50; 10 boxes of 35mm film valued at \$40; 20 rolls of film valued at \$18; and \$200 worth of assorted jewelry.

HERITAGE HIGHLIGHTS BICENTENNIAL SERIES

The Wrong Hill Got the Credit...

□ Did you ever hear of the Battle of Breed's Hill? On June 16, 1775, ragged colonists behind hastily dug earthworks watched as the red wave of British troops moved up the slopes. Closer they came, until, suddenly, the American guns roared out in a single devastating volley leaving a tangle of dying and dead British.

Below, the Redcoats reformed and came again only to be shredded by another volley. On their third try, with the American forces almost out of ammunition, they gained the earthworks. Before the flashing British bayonets the colonists, with only empty guns, gave ground in orderly retreat.

Breed's Hill was a costly and meaningless victory for the British who lost almost half of their troops.

The Battle of Breed's Hill...you may know it better by the name of nearby Bunker Hill...the Battle of Bunker Hill.

UF executive is former resident

Mrs. Linda Maggio, of Westfield, N. J., formerly of Granite City, a leader and worker for seven years in United Fund campaigns in her community, has been appointed executive director of the Westfield United Fund.

Her appointment was announced by James J. Gruba, president of the Westfield United Fund board of trustees. Mrs. Maggio is the daughter of Mrs. Helen Bjorkman of Granite City. She is married to Glenn Maggio of Westfield. The couple has one child, Stacey.

The Granite City High School graduate, who already has started in her new position, will have the responsibility to organize and develop the fund raising efforts which help support 15 UF agencies serving Westfield.

Well acquainted with the work of the United Fund, Mrs. Maggio has served as a member of the UF board of trustees since 1970. She has held the post of chairman of the fund's retail business division for two years, as chairman of the campaign public relations committee, member of the nominating and campaign committees and as a worker in the residential division and the major gift division.

Mrs. Maggio has long been active in a full program of community service through a number of Westfield social agencies, including the YWCA and the Girl Scouts, both funded by the United Fund.

She is a former six-year member of the YWCA board of directors and has served as first vice-president, recording secretary, and nominating and candy sale chairman. For eight years she was the Y-Teen senior high advisor and was recipient of the YWCA's Services to Youth award.

Additionally, she has been a member of the Mayor's Advisory Council for Service to Youth, publicity and Hotline telephone chairman of the Mayor's Advisory Council on Drug Abuse and is presently chairman of the Mayor's Youth Guidance Council. She has held chairmanships of various committees of the Westfield

Service League. Active in school affairs, Mrs. Maggio has been president of both the Tamaqueas School Parent-Teacher Organization and the Edison Junior High Parent-Teacher Association. She was a founder, director and president of the Westfield Teen Canteen and also served as program coordinator for the Town of Westfield's Recreation Department. Named as an Outstanding Young Woman of America in 1970, the former Granite City resident is a past president of the Westfield Area City Pankhellenic and College Women's Club.

She has resided in Westfield for 13 years and is a graduate of Florida Southern College with a degree in business administration and economics. She has taken several graduate courses at Kean College. Her husband, Glenn, teaches business administration in Newark, N. J.

Federal employees plan 'Women's Year' events

International Women's Year, being observed in 1975, was declared by the United Nations General Assembly and in the United States by executive order of President Gerald Ford, who has established a National Commission on the Observance of International Women's Year.

In the bi-state metropolitan area, the Federal Women's Program Council has designated the week of Oct. 20 to be Federal Women's Week. It was announced today.

Highlighting the activities planned for the week are a kickoff luncheon, a seminar for federal employees and a concluding banquet.

Margaret Bush Wilson, board chairman of the National

Association for the Advancement of Colored People (NAACP), has accepted an invitation to speak at the evening banquet.

Featured speaker at the luncheon event will be Helen Markhoff, director of the Federal Women's Program for the U. S. Civil Service Commission.

The goal of the Federal Women's Program is to achieve full integration into the total Equal Employment Opportunity effort, assuring that particular needs and problems of women receive understanding and consideration in personnel management, decisions and activities, program of officials said.

STAGECOACH HOLDUP in averted by "Sheriff" Kenny Hare, back to camera, during Cub Pack 20's fun fair at the Webster School playground. The youthful "Indian" is John Wildes and providing "horsepower" for the homedade stagecoach is Officer Friendly Glenn Wright of the Granite City Police Department.

Cubs stage fun fair at Webster

About 125 children played games, rode a homedade stagecoach and watched a youthful magician at work last week when Cub Pack 20 of Webster School presented a fun fair event on the school playgrounds.

Neighborhood youngsters were entertained by Bryan Ballard with magic tricks, climbed through a spook house and played various games of skill.

Officer Friendly Glenn Wright of the Granite City Police Department visited with the children and took part in a stagecoach "holdup," providing muscle-power on a bicycle to pull the small-size coach.

Also participating in the

"holdup" were Webelos Kenny Hare, who portrayed the sheriff, and John Wildes, who played the Indian role.

The fair was arranged by Mrs. Barbara Schwertmann, den leader coach, and Webelos leader Jerry Mize, assisted by den mothers, Mrs. Cathy Gauen, Mrs. Judy Heinman and Mrs. Martha Mize.

Cub Scouts and Webelos helping at the booths were Keith Heiman, Michael Bailey, Tony Sutherland, Bobby Dietrich, Tony Bennett, Gary Houston, Sean McGovern, Bobby Adams, Patrick Huroy, Robert Wildes, Norman Yeager, Donald Hazelwood, Jerry Mize Jr. and Frank Soellner.

Walgreen sales up

Walgreen Co. registered the best third-quarter sales gain it has enjoyed in two and a half years, President Charles R. Walgreen III has announced.

Third quarter sales for the period ending June 30 increased 10.1 per cent to a record \$388,475,536, compared to \$341,164,306 for the same quarter last year.

LIFO-adjusted earnings (last-in, first-out inventory procedure) for the third quarter were \$1,048,792, compared to \$773,884 for the same period a year ago.

LIFO-adjusted earnings per share rose to 16 cents, versus 14.5 cents last year. On a fully diluted basis, earnings per share were also 16 cents, versus 14.5 cents last year, after adjustment for LIFO.

Sales for the nine-month period ending June 30 increased over 1974, when LIFO-adjusted earnings were \$5,431,569.

LIFO-adjusted earnings per share for the nine months were 16 cents, versus similar earnings per share of 83 cents last year. On a fully diluted basis, nine-month earnings per share were 80 cents, versus 80 cents last year, after adjustment for LIFO.

Walgreen noted that all of the firm's retail operations contributed toward these gains:

"Our Drug Store Division once more delivered an improved performance; the Food Services Division resumed a growth pattern that produced better gross margins; and our Globe Department Stores, as predicted are now showing definite turnaround progress.

"If the rate of inflation continues to decline," projected Walgreen, "the profit-reducing effect of LIFO will also lessen, and we will mean improved prospects for year-end LIFO-adjusted earnings."

The first three quarters of fiscal 1975 saw the opening of an additional 30 units, including 25 Walgreen Drug Stores, four restaurants, and one Globe Department Store. Eight drug stores and 12 restaurants were closed, for a net gain of nine units.

Walgreen Co. began the fourth quarter with 681 total units, versus 642 last year, in addition to nearly 1,800 franchised Walgreen Agency Drug Stores.

God neither dead nor outmoded—Lutherans

"There is no health in Jerusalem and a new life in Jesus Christ," Dr. Oswald Hoffmann, Lutheran Hour speaker, told 2,400 people attending a Lutheran Hour Rally last week at New Orleans, La., scene of the 58th annual convention of the International Lutheran Laymen's League.

"Don't let anybody attending this convention decide the name of Jesus and try to outvote Him at the same time by going His own way instead of going Christ's way."

"You can't hide behind the walls of a crumbling institution and beat about how bad things are in the world. People like that don't know anything about the love of and the power of Christ," he said.

Dr. Hoffmann referred to an event in the history of New Orleans as he noted that the Superdome were being dedicated there. But he added, he is certain that "what we're doing here is more important than that and that will be held in the Superdome and will have a more far-reaching effect."

The Lutheran Hour speaker said the world today — the secular world — is a place where "God is outmoded." He is not actually dead, but He most certainly is only a shadow of His former self.

"Secularism rules out God," he said.

The International Lutheran Laymen's League is an auxiliary organization of The Lutheran Church—Missouri Synod. It has sponsored the Lutheran Hour since 1950. The radio broadcast is heard on more than 1,100 stations in the United States and Canada. The League also is co-sponsor, with the LCMS, of the television ministry which includes the award-winning television dramatic series, "This Is Life."

"It seems to me that our duty in 1975 will be about the same as it was in 1974. And that is to see to it that every individual of our society has the best possible basis upon which to make the difficult decisions that are required of free men and women."

This was the observation of Governor Otis R. Bowen of Indiana as he spoke to the 1,200 delegates at the opening session of the convention.

Dr. Bowen, a member of the International LLL, and a longtime practicing physician, emphasizing the nation's bicentennial birthday in his address, related some of the events of the past 200 years from the "Boston Tea Party... Civil War... string bikinis... Hank Aaron hitting his 715th home run... a people throwing rocks at a school bus."

"We are Democrats and Republicans, Birchers and liars, Lutherans and Baptists, agnostics and Druids," he said. "We fight like cats and dogs among ourselves, and the only thing we have in common is that we are all threatened."

The governor said no one but another American really understands "why we are the way we are," or how the nation has survived the last 200 years. He said the reason can be put in three words: "Americans are free."

Gov. Bowen cited some of the problems still faced by the nation and its people — pollution, rising prices, social injustices and welfare. But he said, "Because freedom is truly the wellspring of all our national greatness, we must be careful to balance our help for our fellow Americans against his freedom to refuse that help."

The keynote speaker said that 200 years ago the builders of America apparently felt "nothing can go too far wrong if we all retain our freedom, or too badly if we all retain our consideration for, respect for and

love of our fellow man.

"Perhaps that's not very profound. Possibly it is not all that earthshaking. But I think it is what God has been saying to all humans since the day of creation, in many ways, in many different tongues.

"Possibly 200 years from now, all men and women will be shaking hands with each other in sincere friendship at every point of the globe. Let us all hope, pray and live that it will be so."

"I am convinced of the vitality, loyalty and sincerity of the lay members of the synod," Dr. J. A. O. Preus, president of The Lutheran Church—Missouri Synod, told the delegates.

Dr. Preus, in his annual report to the League on the condition of the church, said he made this evaluation on the basis of what he had seen in New Orleans, at the LCMS convention in Anaheim, Calif., and at the Lutheran Women's Missionary League's convention in St. Paul, Minn.

Both the LLL and LWML are auxiliary organizations of the Missouri Synod.

"When you see the dedication of people interested in carrying out the church's mission," Dr. Preus said, "you cannot come to any other conclusion." He added he does not go along with those who are predicting a major split in the LCMS.

Preus said in looking at the activities of the LLL and the LWML that "the future of the church lies in the development of the laity." He added that the churches that are growing today are those with a total involvement of the laity.

"We have some marvelous people as members of the Missouri Synod," he said. "And the LLL has made wonderful progress in recent years."

He commended the League for its increasing emphasis on working with young people, and also noted the way the League has accepted the synod's offer to "take on the total responsibility of the television ministry."

Referring again to synodical problems, Dr. Preus said he feels the difference between the

LCMS convention in New Orleans two years ago and the Anaheim convention last month indicate that the synod "is over most of its troubles and I feel there will be a decreasing dissimilarity in the synod."

"One thing that has come through with great certainty from the conventions of the LLL and the LWML," he said, "is the laity's dedication to the purpose of getting the message of eternal life through Christ Jesus into all the homes on this continent and around the world."

Dr. Preus said that, in the years ahead, he sees a new alliance between the synod and its auxiliaries as "partners moving forward in ways that we never imagined."

Canal freight increases

Commercial freight totaling 5,182,129 tons was locked through the Chain of Rocks locks here during June, representing the largest total freight shipment for any single month so far this year, according to a report by the U. S. Army Corps of Engineers.

Of the total shipments, 2,112,549 tons of freight moved upriver, while 3,069,580 tons moved downriver. The report showed that the largest shipment upriver was 296,686 tons of petroleum products, while downriver shipments included 2,289,400 tons of grain.

The June freight movements were a substantial increase over the 4,259,334 tons of commercial freight locked through the canal in May.

The report said a total of 6,186 vessels were locked through the canal in 703 lockages during June.

The freight movements brought to 26,541,014 tons the total passing through the Chain of Rocks locks during the first six months of this year, down slightly from the 26,940,890 tons recorded for the same period last year.

June movements also brought to 33,772 the total number of vessels passing through the locks during the first six months of this year in a total of 4,181 lockages. These compare with 34,530 vessels and 4,271 lockages during the same period in 1974.

U. of Illinois master courses in this area

"R" courses — which will enable advanced students to work toward the master's degree with little or no time spent in an on-campus classroom — will be offered by the University of Illinois for the first time this fall.

In a pioneering move to bring graduate degrees closer to present and prospective teachers and others in need of advanced credit, a first pioneering group of 11 "R" courses will be available in nine communities: Arlington Heights, Chicago, Decatur, Elmhurst, Edwardsville, East St. Louis, River Grove, Springfield and Rolling Meadows.

Many additional courses are offered by the U. of I. throughout Illinois for the regular "E" credit. These involve some on-campus instruction before the master's can be completed.

The "R" courses are offered under a new U. of I. Graduate College policy governing resident credit for on-campus instruction.

Under the new policy, academic departments may petition the Graduate College for approval to offer specified courses for resident "R" credit in designated communities.

In each case, the department must demonstrate that the course can be offered off-campus with the same standards of quality as its on-campus equivalent.

In addition, the U. of I. Urbana-Champaign campus Office of Continuing Education and Public Service, through which off-campus courses are conducted, must show that a need exists for the proposed "R" credit course.

"Intended primarily for persons interested in earning an advanced degree, the new resident credit policy allows students living away from the campus to satisfy some or all of their residency requirements without being physically present on the Urbana-Champaign campus," according to the policy.

East St. Louis — "Administration Higher and Continuing Education" (E450), (Public Control and Administration of Education), 7 p.m. Mondays, beginning Sept. 8, one graduate unit, Dr. Charles Young, Jr., "Educational Psychology" (E311), (Psychology of Learning for Teachers), 7 p.m. Wednesdays, beginning Sept. 10, one-half graduate unit or two undergraduate hours, Dr. Lewis E. Aukes, and "Elementary Education" (E431), (Elementary School Classroom Programs), 7 p.m. Mondays, beginning Sept. 8, one graduate unit, Assoc. Prof. Frederick A. Rodgers, all at East St. Louis High School.

Edwardsville — "Vocational and Technical Education" (E441), (Directing Personnel Development in Vocational, Technical, and Practical Arts Education), 5:30 p.m. Wednesdays, beginning Sept. 10, one graduate unit, Prof. Lloyd J. Phipps, at Southern Illinois University at Edwardsville.

Two hurt as truck, motorcycle collide

Michael Grace, 21, and his wife, Cheryl Grace, 20, were admitted to St. Elizabeth Hospital here last week following a motorcycle-pickup truck accident at Illinois 165 and State Aids Route 35.

Mrs. Grace suffered a fractured left jaw and cuts in the left leg, and her husband sustained cuts and bruises to the left knee and right ankle.

The Grace's motorcycle and pickup truck driven by Larry J. Morrisett, 2332 Benton St., collided at the intersection of the two highways. Morrisett was charged with careless driving by Illinois state police.

ABSOLUTELY INCREDIBLE! THAT'S THE ONLY WAY TO DESCRIBE ODORINEX — THE AMAZING HUNGER TAMER — IT ACTUALLY LIMITS THOSE GNAWING HUNGER SENSATIONS PRODUCED IN YOUR OWN SYSTEM.

Losing weight with Odorinex is no miracle — it's a fact! Odorinex — clinically proven by a leading University Hospital — will tame your appetite day after day and help you lose those unwanted pounds and inches. And the wonderful thing about going on the Odorinex Plan is that you are the one in control of your own weight loss. That's right, it's your choice. You automatically eat less of the same foods you eat now without feeling hungry — less food, less calories, less weight — it's that simple. Or, you can eat the less fattening foods suggested by the Odorinex Plan and hasten the whole process of slimming down to your desired weight and dress size.

So, don't be discouraged or depressed. Thousands of unsolicited testimonials are living proof that Odorinex can help you lose the weight you hate without being hungry. Start today. Odorinex is safe and effective when taken as directed — will not make you nervous. You'll be slimmer next week or money back.

Braves nine takes state championship

Paul Evans, supported by an agile defense and a nine-hit offense, tossed a one-hitter as the Granite City Braves crunched Springfield 7-0 to capture the Illinois Class B State Khouby League Junior baseball championship Saturday evening at Springfield.

Evans, who pitched a no-hitter earlier in the year for the Braves, had little trouble with the host players. He kept them hitless until the sixth inning, when he allowed a two-out double.

The Springfield right sent a line drive into rightfield that Mike Hankins almost snared. But the ball nicked his glove and skidded past.

Evans struck out 14 batters.

While the righthander was shutting out the host club, teammates Eldon Warfield, John Lakin and Manogian each collected two hits to lead the nine-hit attack.

The Granite City squad, now 30-9, will play the Missouri Champion for the Khouby League Class B championship. That game will be played Saturday at either the Cahokia American Legion field or Belleville West Khouby Park.

Meanwhile, the Braves will play St. Louis in East Alton Tuesday tomorrow at 5:45 p.m. In an earlier meeting the St. Louisans defeated the Braves 5-4 in an extra-inning game.

John Lakin will be trying for his eighth win of the season against one loss.

GRANITE CITY BRAVES BASEBALL TEAM. Players on the local squad's roster, left to right, are: Front row—Mike Hankins, Randy Lierla, Randy Smith, Keith Champion, Tim Kirksey, Jim Cedor, Mike Clark and

Eldon Warfield; back row—Coach Ray Smith, Dan Stanton, John Lakin, Ed Praza, John Slay, Brian Sikes, Paul Evans, Rick Fancher, Tom Manogian and Manager Ron Madden.

3 losses recorded for Mercer squad

Mercer, defending Illinois Inter-City Baseball League champion, took it on the chin three times yesterday in losing at Highland-Pierson 5-2, 5-3 and 5-1.

The first contest was part of a doubleheader rained out on July 8. Action resumed in the eighth inning with Mercer's Mark Boone and Highland's Dan Koishor in a pitching duel.

Koishor came out on top for the win preserving the 5-2 score that prevailed when the game resumed yesterday.

Hurler John Piechocinski suffered his first loss of the season, in three starts, in the second contest after Highland took advantage of one hit and six errors in the seventh inning for four runs, overcoming a 3-1 Mercer lead for a 5-3 triumph.

A 2-0 lead in the opening inning when Rich Schardan walked, Bob Scott singled and Larry Corey doubled then home, Highland cut the margin in half with a run in the second inning.

In winning the third game, Highland's Mike Young pitched a two-hitter. Boone took the loss for Mercer.

Highland scored a run in the first inning, two in the second, one in the fourth and another in the fifth before Mercer mustered its lone scoring effort in the sixth as Jim Greenwald singled, advanced on a wild pitch and went home on Bill Campbell's sacrifice fly.

Going into yesterday's contest at Highland, Mercer Manager Larry Corey had said his team would have to win two of three to stay in contention for

next month's league playoffs. "But Friday's decision concerning a double forfeit by Troy," he added, "has given us a reprieve."

A meeting of league representatives Friday resulted in Troy being expelled from competition for the rest of the season because of the squad's double forfeit last week to the East Alton Vans.

Mercer picked up two additional wins with the decision and faces three more weeks of competition, two involving doubleheaders. League playoffs get under way on Sept. 7.

Mercer now has a 11-13 record and is five and one-half games behind league leader Highland (16-7) in the standings.

Other league contest results yesterday were: Vans 6-1 over Fairfax; in a regularly scheduled contest, and Fairfax 2-1 over Vans in a makeup contest. Panama originally was to have played Troy yesterday.

First North soccer drill

GCHS North's Steele soccer team will have a single practice session Wednesday to inaugurate the fall drills, according to Coach Robert Kehoe. It will begin at 9 a.m.

The third-year Steeles will be in a rebuilding program this season, having lost eight of the 10 starters of last year through spring graduation.

MHS grid physicals

Trojan football mentor Al Vonder Haar is reminding Madison High School athletes that physical examinations will be given in the school's gymnasium at 1 p.m. tomorrow for prospective fall football players.

Vonder Haar says team practice will be held twice Wednesday, at 8:30 a.m. and at 7 p.m.

Playing equipment will be issued late this week. Initial drills will be in tee shirts and shorts.

Season title for soccer Chargers

The Kuberski Chargers soccer squad of Granite City finished its 1975 Madison County Girls' Soccer Association season with an 8-1-1 record, taking first place in the association's Bantam Division standings for 13-14 year-olds.

Members of the Chargers are Kathy Barnes, Edna Thomas, Jodi Harrington, Jean Diak, Judy Polach, Liz Mullen, Sandie Feeler, Laurie Withers, Mary Novosel, Lori Jolley, Theresa Appony, Kathleen Becherer, Pam Carnahan, Christine Fabisher, Lee Conrad, Tina DeMott, Charlene Bennington, Robb Cionko, Laura Griffin and Pam Polach.

The team is coached by Rich Kelly.

FUTURE COUGAR WRESTLERS. Wrestling Coach Larry Kristoff (right) welcomes six new students to the Southern Illinois University at Edwardsville campus. They had just finished enrolling at SIUE and will try to earn positions on the Cougars' wrestling squad

Flag football coaches to meet

An organizational meeting for individuals wishing to manage or coach Granite City Park District flag football teams will be conducted on Monday, Aug. 18, at the Namooki Recreation Center, Amos and Franklin Avenues, at 7:30 p.m.

Topics of discussion will be implementation of new rules, schedules, key dates and fees for the program.

The program, designed for boys 8-12 years of age, is offered by the Park District to develop basic skills of passing, blocking,

kicking, punting, pass reception and offensive and defensive playing strategy.

"We feel it is an excellent forerunner to high school football because it teaches the basics to the youngster, without subjecting him to some of the risks," comments Mike Jessee, director of recreation.

Interested individuals are being asked to attend the meeting, even though they may not have reached a decision as to whether they wish to participate. Further information can be obtained by calling the park office, 877-3059.

South, North football drills open Wednesday

Two days remain to complete issuance of football playing equipment at GCHS South and North before pre-season grid practice begins Wednesday at 9 a.m. at both schools.

Sophomore squad equipment will be given to players at North today, beginning at six o'clock.

Varsity playing equipment at North was issued Friday. At 6 p.m. tomorrow, freshmen players can obtain equipment at the Steele gymnasium.

Warrior gridgers had until 2:30 p.m. today to receive varsity gear. Sophomore players will have two equipment issuing sessions

tomorrow, from 9 a.m. to noon and from 1:30 to 2:30 p.m., at South's gymnasium.

Freshmen equipment at South will be issued Wednesday, from 9 a.m. to noon and from 1:30 to 2:30 p.m., since the Warrior fresh practice does not start until 9 a.m. Monday, Aug. 18.

Coach Stan Wojcik, GCHS South, and Coach Tom Wyrostek, GCHS North, are reminding prospective players that physical certificates and parent permission forms must be completed and returned at each school's gymnasium prior to Wednesday's practice sessions.

Petrillo wins Illinois title

For the third straight year, Granite City's Petrillo Produce women's softball team on Saturday took top honors in the Illinois Amateur Softball Association's women's state tournament, held this year at Duqu, defeating Morris Merchants, 5-4, in the championship contest.

Petrillo's next will compete this weekend, starting Friday, Aug. 15, at a Midwest regional tournament, hosted by Sam's Tavern and the Granite City Park District, which the local squad has won for the past two years.

The Morris Merchants of Kankakee also advanced to regional competition.

The Kankakee squad won five contests Saturday in the losers' bracket—5-3 over Murphysboro, 9-2 over Oak Grove, 9-8 over Comanches, 7-3 over Hecker and 10-3 over the Roadrunners—after suffering a defeat in the championship

BIG "CATS." One Scofield, left, and Richard Rainey, both of Granite City, display two blue catfish caught while fishing in a private lake near Red Bud, Ill. Scofield holds a 10-pound "cat" while the fish held by Rainey tipped the scales at 19 pounds. They used shrimp tails for bait. Mike Jeffries, also of Granite City, made the trip with them.

Double drill for soccer Warriors

Soccer Warriors of GCHS South will participate in two pre-season practice sessions Wednesday on the school's field near Felling Road—9 a.m. and 5:30 p.m.

Coach Gene Baker is reminding prospective players to bring completed physical certificates with them to the practice sessions.

"We have a tremendous schedule this fall," comments Baker. "We have added seven Chicago area schools and three top-notch St. Louis schools this year."

Although the team won't have five of last year's starters—Charlie Bennington, Dave Sheridan, Ron Goldschmidt, Keith Kibort and Mark Mason—due to graduation, "We still have five sophomores coming out this week who were starters as freshmen last year," Baker notes.

GC man suffers head injuries

Terry Leutenegger, 25, of 2811 Marshall Ave., was taken to St. Elizabeth Hospital and transferred to Firmin Desloge Hospital, St. Louis, with head injuries suffered during a fight in the 2800 block of Marshall Avenue at 12:20 a.m. today.

Leutenegger and Ivan Covin, 19, of 212 Granite St., Venice, were charged with disorderly conduct. A 17-year-old boy was charged with a curfew violation and another 17-year-old, who was arrested, ran away while police were placing the others in a squad car. A warrant charging him with escape is being sought.

Police said they were called to the 2800 block of Marshall Avenue after neighbors reported fighting, yelling and screaming from several young persons.

Officers said they found Leutenegger bleeding from facial abrasions and he alleged he had been struck by a weapon consisting of two pieces of wood connected by a chain. Officers were unable to locate such a weapon.

STOLEN CAR OBSERVED

A 1988 auto belonging to Lee Angle, 2811 Pershing Blvd., reported stolen from Andy's Service Station, 23rd Street and Madison Avenue, last week, was observed being driven at a high rate of speed along 23rd Street. The occupants were two young girls with long hair, police were told.

2 hurt in R. 151 crash

Two persons were injured at 2:05 a.m. Friday when an auto driven by a 25-year-old male, 25, of 2130 rear Grand Ave., ran off Federal Road 151 near Independence Drive, striking two parked autos before coming to rest on top of a chain link fence.

Bessley and DeWayne J. Myers, 18, of Lacombe, a passenger in Bessley's car, were taken to St. Elizabeth Hospital here and then transferred to Firmin Desloge Hospital, St. Louis.

Authorities said Bessley's 1986 Oldsmobile was traveling south on Route 151 when it left the highway and skidded 83 yards on top of a guardrail. It then became airborne, striking a 1989 Volkswagen belonging to Paul Beaton, 2313 Independence Drive, and then landed on top of the 1987 Ford of Jackie Atkins, 3211 Independence Drive.

Police reported parties of Bessley's auto struck a porch at 2306 Independence Drive and a fence at 2303 Independence Drive, both properties owned by Mrs. Jacquelyn Ishum, upon coming to rest on top of a chain link fence at the home of Louis Cottrell, 2309 Independence

Drive, knocking down 20-30 feet of the fence. Both parked vehicles were unoccupied at the time of the accident.

News notes

The America rock music group attracted 200 as well as Mississippi River Festival last night for a concert that also featured composer-singer John Sebastian.

A proposed Famous-Barr store and shopping center in Alton has been "tabled" indefinitely because of the cost of grading the firm's 56-acre tract.

During the first year of the Illinois state lottery, August 1974-July 1975, sales averaged five and a half million tickets a week and over \$60 million was given to holders of one and a half million winning tickets.

The seventh millionaire was chosen Friday night at the state fair.

Cong. Paul Simon (D, Carbondale) said during the weekend that the Democratic-controlled House would not support a proposed amendment to the regulations, which would have exempted the sport from noise limitations between the 7 a.m. and 10:30 p.m., at Thursday's meeting.

Area race drivers, elated with the decision announced last night, said they would return to the track Saturday at Tri-City Speedway, continued their winning ways in a triple-racing card here.

Russ Wallace, Arnold, Mo., posted his eighth late model stock car division feature win of the season, and his son, Mike, took the checkered flag for the fourth time this year in the sportsman division main event.

"We have no intentions of forcing motor racing out of business," said Selzer, "but the agency does feel some type of restrictions have to be placed on the sport."

"Therefore, we (EPA) have filed a counter-proposal with the Pollution Board to exclude racing from the present guidelines, but at the same time, to put the race tracks under separate coverage and control by the state. This control would not be as restrictive to the sport as the

Auto races continue; delay noise deadline

Illinois motorsport enthusiasts are expressing signs of relief after the Illinois Environmental Protection Agency announced Friday it will not enforce a new noise level regulation this season.

Immediate enforcement was proposed by the Illinois Pollution Control Board at a meeting Thursday afternoon in Chicago.

Bill Selzer, an EPA attorney, said the agency's engineers, after reviewing transcripts of hearings held over the past year, "feel the racing industry cannot possibly comply with a 51-decibel noise limit at a track's property line, as outlined in the regulation which would have taken effect at midnight Saturday, Aug. 9."

Tracks which exceeded the noise limitation could have faced fines as high as \$10,000 and shutdown orders by the state.

"We have no intentions of forcing motor racing out of business," said Selzer, "but the agency does feel some type of restrictions have to be placed on the sport."

"Therefore, we (EPA) have filed a counter-proposal with the Pollution Board to exclude racing from the present guidelines, but at the same time, to put the race tracks under separate coverage and control by the state. This control would not be as restrictive to the sport as the

Mike Lesko dies at 83

Mike Lesko, 83, of 1224 Grand Ave., Madison, Ill. for six years, died at 5 a.m. today at the Colonial Nursing Home, Maryville, Ill.

A native of Czechoslovakia, he resided in the Quad-Cities prior to his retirement. Mr. Lesko worked in the old sheet mill department of Granite City Steel.

He was a member of St. Mary's Roman Catholic Church and belonged to St. Joseph Society Branch 408 First

Catholic Slovak Union (JED-NOLA)

Survivors include his wife, Mrs. Mary (Gavrun) Lesko; four daughters, Mrs. Carl (Anna) Roper of Madison, Mrs. Frank (Mary) Parison, Granite City, Mrs. Paul (Elizabeth) Kelly, Paducah, Mo., and Mrs. Frank (Helen) Lack of Chicago; four sons, John, Joseph Jr., Michael J. and Albert Lesko, all of Granite City; 15 grandchildren and 22 great-grandchildren.

Funeral arrangements are given in the obituary column.

Music Under the Stars finale Tuesday night

The final "Music Under the Stars" concert of the current season will be presented for the public at 8 p.m. Tuesday at the Wilson Park rink pavilion.

The special choral music series, sponsored each summer by the Granite City Park District, will offer "A Salute to Broadway" as the 1975 finale.

Admission is free and the

Agreement to speed Terminal rail movements

An agreement between the Terminal Railroad Association and railroad unions will end a long-standing practice that has slowed rail traffic movements in the metropolitan area, it was reported this week.

The new agreement eliminates six seniority based seniority rules that were consuming barriers in train movements on both sides of the river, and is expected to speed up activities in the Terminal's Madison Yards.

Railroad officials said the use of one seniority district which will eliminate changes in train crews in moving trains from one district to another under the previous plan, will permit consolidation of most of the switching in the Madison yards. This will permit closing of other yards and allow granting of trackage rights to other railroads, officials said.

STEAL MIXER FROM AUTO

A green Sunbeam mixer and 30 worth of bakery goods were stolen from the auto of Helen Ford, 2205 Illinois Ave., when the car was parked at Gales's Drugs in Nameeki Village Shopping Center last week.

\$60,000 grant for sign project

A federal program that would provide 90 per cent of the cost in replacing all Granite City traffic control signs has been approved by the Illinois Department of Transportation, City Council members were informed last week.

The project, which involves updating of traffic control signs with new types of signs, has been approved for a statewide program under the Federal Highway Safety Act and is in the process of receiving federal authorization according to John F. Kusior, district DOT engineer of local roads and streets.

The work provided in the

BAC courses at South announced

The Granite City Center of Belleville Area College is offering a schedule of fall classes in the areas of general studies, technical and college transfer.

M. A. Wittevrongel, BAC coordinator, said during the week that the Democratic-controlled House would not support a proposed amendment to the regulations, which would have exempted the sport from noise limitations between the 7 a.m. and 10:30 p.m., at Thursday's meeting.

Registration for the courses is scheduled Aug. 18 through Aug. 21 at the BAC Center at Granite City High School South. Detailed information on a number of fees and class schedules may be obtained by calling Wittevrongel at 451-2966.

The technical courses are scheduled 16-week and two- or three-credit-hour classes, the general studies program is spaced with courses offered for shorter periods of time in such subject areas as sewing, tailoring, stocks and bond investment, and business management and techniques for improving sales.

The technical offerings are provided to supply the training, and/or "book learning" that supplements the daily on-the-job experiences in the industries of the community, Wittevrongel explained.

College Credit courses, include: Cultural Anthropology; Understanding the Arts; Introduction to Business; Business Math; Accounting I and II; Introduction to Marketing; Shortland I and II; Typing I and II; Introduction to Data

Processing; Economics I (Macro); Principles of Insurance; Personnel Management; Business Law I; First Line Supervision; Rhetoric and Composition I and II; Introduction to Literature I; History of U.S. to 1872; Intermediate Algebra; College Algebra; Introduction to Philosophy; Introduction to American Government; General Psychology; Elementary Spanish; Introductory Sociology; and Fundamentals of Public Speaking.

Technical courses are: Blueprint Reading; Electricity DC and AC I; Industrial Plumbing; Industrial Math; Industrial Machine Shop; Sheetmetal and Welding. General Studies classes will be in:

Algebra and Decorative Painting; GED—English, Reading and Constitution; Beginning and Intermediate Sewing; Tailoring; Woodworking and Furniture Refinishing; Art, Drawing and Painting (Advanced); Beginning Stocks and Bonds Investments; Beginning and Refresher Typing; Beginning Shorthand; Secretarial Review and Improvement; Beginning Cake and Food Decorating; Real Estate Transactions; Techniques for Improving Sales (four weeks); Management Control and Personnel in the Small Business (four weeks); Financial Records for the Small Business (four weeks); Special Aspects of Small Business Management (four weeks); and Know Your Car.

The deadline for candidates for the title of "Embajador 1979" has been extended to Saturday, Aug. 16.

The person selected will represent the area's Mexican-American community at public and official functions.

Women of Mexican or partly Mexican descent, at least 18 years of age, married or single, who speak both Spanish and English, are eligible to enter. Membership in the Mexican Honorary Commission is not required.

The winner will be selected on the basis of poise, appearance and bilingual aptitude.

The entry fee is \$10. More information may be obtained by telephoning 677-4643 or (314) 635-6545.

Granite City consulting engineers from 1964 to 1971. Payment for some of the services was held up when the late Mayor Donald Partney declined to sign checks for the firm.

Council members had further delayed the payment over the past year as the result of a controversy over the different jobs and types of services for which the city was billed. The action Monday night represents all funds that were due the firm, aldermen were told.

An ordinance that would raise the base salaries of three employees of the Humane Department before application of a 12 per cent salary increase approved by the city this year was placed on first reading after a motion to suspend the rules to place the ordinance on final passage received a vote of eight yeas and three nays, defeating the suspension because a minimum of ten votes is needed for such action. The ordinance then was placed on first reading for further action in the next council session.

The council did approve, however, an ordinance providing \$25 monthly merit raises for the secretary to the chief of police, the secretary of the detective office and for the parking meter clerk, although aldermen warned that some action will be necessary to halt the series of such raises requested in different city offices.

Alderman Sam Whitmer suggested that an ordinance establishing a minimum (hiring) wage and a maximum wage for jobs in City Hall administration offices be brought in and that the system of granting "merit raises" be abolished.

The council did approve, however, an ordinance providing \$25 monthly merit raises for the secretary to the chief of police, the secretary of the detective office and for the parking meter clerk, although aldermen warned that some action will be necessary to halt the series of such raises requested in different city offices.

Alderman Sam Whitmer suggested that an ordinance establishing a minimum (hiring) wage and a maximum wage for jobs in City Hall administration offices be brought in and that the system of granting "merit raises" be abolished.

The proposal would increase the salary of the humane officer to \$750 per month and the salary of assistant humane officers to \$621 per month.

Several aldermen protested that after the 12 per cent salary increase voted for all city employees was added, the amount of the increase would be too high. Mayor Paul Schuler said, however, that he had checked into humane officer salaries of other cities and found that those paid by Granite City were among the lowest.

A motion to suspend the rules to place the ordinance on final passage received a vote of eight yeas and three nays, defeating the suspension because a minimum of ten votes is needed for such action. The ordinance then was placed on first reading for further action in the next council session.

The council did approve, however, an ordinance providing \$25 monthly merit raises for the secretary to the chief of police, the secretary of the detective office and for the parking meter clerk, although aldermen warned that some action will be necessary to halt the series of such raises requested in different city offices.

Synthia Smith, 5, of Rural Route One, Box 104, Granite City, was admitted to St. Elizabeth Hospital here with head injuries and back abrasions she received at 2:05 p.m. Saturday when she was struck by a vehicle driven by Gary L. Barker of Glen Carbon at 3205 Maryville Road.

Barker told authorities the child darted into the street from between two parked autos and into the path of the vehicle, owned by the C. C. Corbin Construction Co. of East Alton.

Barker said he applied his brakes but was unable to avoid striking the child.

Child injured

Horseradish hit hard by disease

A \$2 million dollar loss from the horseradish crop in Madison and St. Clair counties, where two thirds of the nation's total horseradish crop, may be suffered by farmers this season.

Much of the 1,100 acres planted in horseradish has been stricken with brittle root, an insect-born affliction that causes the root of the plant to break off easily.

Homer Bruns of Granite City told the Press-Record, "Chris Doll, our area horticulturalist from the University of Illinois, says the potential loss in both counties at \$2 million. I have one field of 11 acres that is struck by it and another 7-acre field that is nearly 70 per cent gone."

"We always have some problems with the disease which we try to control with insecticides. I don't believe that what we do use is as good as DDT," Bruns commented. He said other Quad-City area

Man robbed in his home

A man wearing a brown stocking mask and a red jersey, and armed with a small caliber revolver, robbed Byron Hines, 44, 16 Garrettsville, Madison, at 7:40 a.m. today in his home.

According to Madison police, Hines was sitting at his kitchen table eating breakfast when the robber entered and pointed a gun at him.

The robber ransacked the home, taking \$2.35 in cash, two cans of beer and a clock radio. He warned Hines not to call the police or come outside when he left.

The robber was described as black and between 16 and 20 years of age.

CLIFFORD C. GENOS NAME SON ERIC

Mr. and Mrs. Clifford Charles Genos, 114 Sycamore Ave., Collinsville, formerly of Granite City, are announcing the birth of their third child, a son, born Aug. 6 at St. Joseph Hospital, Highland.

The infant, who weighed seven pounds, 12 ounces, has been named Eric Wayne. He has an 8-year-old brother, Todd Edward, and a 7-year-old sister, Colleen Elizabeth.

Grandparents are Mr. and Mrs. Raymond Hughes of Edwardsville. The great grandparents are Mr. and Mrs. John Schank of Mio, Mich.

MASONS HONOR MEMBERS. Triple Lodge 835 accorded special recognition to a 50-year Mason, Phil Morrison, center in front row, and nine 25-year members during a regular meeting at the Masonic Temple. Front row, left to right, Martin Love, worshipful master; Morrison; Virgil Simpson, 25-year member and past master. Second row, William Oliver, Harold Siebert, Max Merz, Fred Fossick, Fred Riddle; Third row, Robert Voss, Walter Stawar and Edward Reinhardt.

Phil Morrison 50-year Mason

Phil Morrison, 4800 Maryville Road, was honored by members of Masonic Triple Lodge 835 as a 50-year Mason during a meeting at the Masonic Temple.

The honoree was born March 1, 1886, in Mitchell and was initiated as an Entered Apprentice Mason on March 3, 1925. He passed to the degree of Fellowcraft on June 30, 1925, and raised to the sublime degree of Master Mason on June 20, 1925, in Collinsville Lodge 712.

Mr. Morrison was elected to membership in Triple Lodge on Feb. 13, 1940.

Those who were feted as 25-year Masons during the same meeting were Virgil Simpson, William Oliver, Harold Siebert, Max Merz, Fred Fossick, Fred Riddle, Robert Voss, Walter Stawar and Edward Reinhardt.

Harold Monroney named to state highway post

Illinois Transportation Secretary Langhorne Bond on Friday announced the appointment of Harold W. Monroney to the position of district engineer for the Department of Transportation district at French Village.

Monroney's appointment becomes effective today. He currently is district engineer at the Springfield District Office. A graduate of Rose Polytechnic Institute, Terre Haute, Ind., Monroney began with the department's division of highways Paris district in 1949. He has held positions in the areas of highway construction, design and materials.

In 1966 he was appointed assistant district engineer for the Paris district. He held that position until he became district engineer at the Springfield district in 1969.

Monroney is a registered professional engineer and a member of the American Public Works Association and the Illinois Society of Professional Engineers. He now resides in Springfield with his wife, Dorothy and daughter, Mary Ann.

Monroney replaces Robert E. Kronst, who has become district engineer at the Paris office. The Department of Transportation's District 6 Office includes the counties of Calhoun, Greene, Jersey, Madison, Bond, Clinton, St. Clair, Washington, Monroe and Randolph.

1964 AUTO STOLEN

A 1964 white auto belonging to Marvin Crets, 2828 Victory Drive, was reported stolen at noon Saturday by its owner.

Development talks scheduled; concern over state regulations

The Labor-Management Committee of the Tri-Cities Area Chamber of Commerce has invited a group of St. Louis area developers to meet with the committee here Sept. 2. It was announced today.

"This will largely be a get-acquainted meeting and an attempt to further develop our area," John Ubaldi, committee chairman, has explained.

A wide range of developmental topics was reviewed by the committee during a gathering held last week at the Chamber of Commerce office. Guests at the discussion were Richard Dykes, executive director of the Illinois Metro East industrial development corporation, and James Holderread, an executive of the St. Louis Regional Commerce and Growth Association.

Reiske told the Press-Record that "labor and management are working closely together on this committee in an effort to bring more industry and jobs to the Quad-Cities, such as the completion of Federal Aid Route 151 from Niedringhaus Avenue to Venice, the proposed civic center at SIUE, the new construction at the Tri-City Port, replacement of Locks and Dam No. 26, and overall highway construction.

Most of these jobs are now being held up because of environmental regulations, which the committee understands are making it difficult for Illinois to meet the federal standards.

"The Illinois Environmental Protection Agency is directed by Dr. Bricefield, who will be involved in the next meeting in an effort to break the logjam.

"The committee believes there is no reason for any further delay regarding hearings on the locks and dam project or any other project in the area now being held up by EPA regulations," Reiske said. "Dick Dykes, executive director of Illinois Metro, which covers Madison, St. Clair and

Monroe Counties, advised us that the purpose of the corporation for the balance of this year is to make the state of Illinois more competitive in attracting new or expanded industry.

"IME has developed a list of nine high-priority projects, all of which are now stalled in government red tape as a result of EPA regulations.

"In an effort to release some of these projects, Illinois Metro has asked for an audience with Governor Daniel Walker to see what can be done about the severity of the Illinois regulations. The committee believes the regulations are entirely too restrictive at present.

"The regional sewage treatment program also was discussed thoroughly. Since this is a \$35 million project, the committee agreed that its

management should be broad and flexible enough to avoid any community or any individual taking undue advantage. Some of the committee people made plans to attend a meeting on this at SIUE.

"Jim Holderread, St. Louis Regional Commerce and Growth Association, discussed the necessity of both sides of the Mississippi River working together as a total metropolitan area.

"It is his opinion that more industry will be settling on the Illinois side because large tracts of land are no longer available in the immediate St. Louis area.

"He cited such projects as coal gasification plants in the new few years, and said the better cooperation politically between east and west is a good sign of progress in welding the entire metropolitan area together, to benefit everyone.

Alderman warns Nameoki ditch may be overloaded

A warning that an increasing number of drainage projects that discharge waters into the Nameoki drainage canal may cause the ditch to overflow during periods of heavy rains was sounded at a meeting of the Granite City Council last week.

Alderman Gerald Parmley of the Sixth Ward told the council that a suggestion by Alderman Ronald Coleman, Seventh Ward, to dig deep wells to be employed to lower the underground water table in the northeastern section of the city and the nearby Doherty Slough area could result in flooding problems.

The discussion followed a report by Coleman in which he said the city should "go along" with efforts of the Doherty Slough area to obtain state help in sinking a series of well-points that would lower the water table in the Doherty Slough area as well as the Lynch-Vesci-Stearns avenue area of Granite City, Coleman said. "We want it to be known that we are pursuing the same idea as the residents of the Doherty Slough area in the use of well-points to lower the water table and eliminate damage to basements and homes.

"This is something we have been looking into since the Stearns Avenue sewer repair job at which well-pointing drained the underground water table by several feet in the area around the sewer break.

Parmley replied that the council "should take care of Granite City first."

He noted that drainage from the improved Route 203 highway will be turned into the Nameoki ditch and said it will contribute considerably to the volume of drainage handled by the canal in rainy periods.

"Everybody talks about drainage and everytime they want to turn the water into Nameoki ditch, it's like trying to put ten pounds in a five-pound bag," Parmley said.

"You had better take care if you turn any more water into

the canal because one of these days it is not going to be able to handle the water and there will be a real flood problem," he added.

Coleman said he had watched carefully the progress of dewatering in the repair of the Stearns Avenue sewer break and that the use of well-points was successful in dropping the underground water table substantially.

Water pumped from the ground through well-points eventually would find its way into the Nameoki ditch, which is the only major surface drainage outlet in the area.

Residents of a Doherty Slough area in Nameoki Township, adjacent to northeast boundaries of the city, have said they plan to seek state help in a dewatering process that could keep the water table down.

Basements in that area dried out for the first time in several years while the well-points were in use at the Stearns Avenue sewer job, they said.

They reported that the water came back after the sewer repair work no longer required use of the well-points.

In other council action last week Mayor Paul Schuler announced the appointment of four additional members of the city's Bicentennial Commission, which will supervise celebration activities next year.

He named Michael Torosian and Charles Hagnauer to the ethnic division of the commission, appointed Mike Tharp to the commission's arts division and named Steve Conkovich as chairman of publicity.

Madison man serious of stab wounds

A Madison man, William Parris, 38, of 1245 Iowa St., is in serious condition in the intensive care unit of St. Elizabeth Hospital where he was taken after Madison police found him lying near his home suffering stab wounds to his body.

Parris told police he had been playing pool with some men at a local tavern and left when an argument over the game began. He said the men followed him to his home and stabbed him in his front yard.

Witnesses verified his story and said that three men departed in an auto parked nearby immediately after the incident.

EXPLORERS LEARN FIRST AID: A first aid course was given by the Tri-City Chapter of the American Red Cross to members of Explorer Post 255, sponsored by the Pontoon Beach police department. Members finishing the course were, from left, Kevin Rea, John Sturdivant, Stuart Coud, Cindy

Sundurlik, Pam Holt, Lori Warren and Jason Kieffer. Second row from the left, Larry Earney, instructor; Charles Szczepanik, Tony Holt, James Laughlin, John Bowman, and Juvenile Officer Donald Patrick, the post advisor.

Registration to be held for new students in GC

Registration for new students will be held in the elementary schools of Granite City School District Nine on Thursday, Aug. 21, from 9 a.m. to 12 noon and 1 p.m. to 5 p.m.

Junior high school students new to the district may register any time from 8 a.m. to 3:30 p.m. Monday through Friday through Aug. 21 in the school they will attend. Earliest possible registration is advised to permit class scheduling.

High school registration continues at both schools for the remainder of this week through Aug. 15 between the hours of 8 a.m. and 4 p.m.

Those who have questions about where to register their children may call the school board office, 876-6600.

Any child, who will be five years of age on or before Dec. 31, 1975, is eligible to enroll in kindergarten. A birth certificate must be presented at the time of registration.

Illinois law states that no child may enter school for the first time without the following immunizations: whooping cough, diphtheria, tetanus, polio and measles (or the

only exceptions are for religious or medical reasons. Physical examinations are required also for all students entering fifth and ninth grades or attending school in the state of Illinois for the first time.

Forms for physical examinations may be picked up at the Board of Education Office, 20th and Adams streets, Monday through Friday from 8 a.m. to 4:30 p.m.

Parents of new students are being urged to meet the immunization and physical examination requirements prior to registration. Registration may not be completed until either all medical requirements have been met or written evidence of doctor's appointment is presented by parent.

J. Davis, superintendent of schools, urged that all students entering the district for the first time be registered before the first day of school.

"It is a mutual interest of the parent, the child and the school that every child be placed as early as possible in a program which will best meet his or her particular educational needs," he said.

Supl. Davis also urged anyone knowing few families in the neighborhood to encourage them to register their children on the dates indicated.

Only students new to District Nine or who have not previously been in school need to register. Kindergarten children who registered last spring need not register again, it was explained.

Audit commends levee members

Continued improvement in most financial operations of the East Side Levee and Sanitary District since the present board of trustees took office in 1974 is indicated in the annual audit report by Bert H. Allison & Co. of East St. Louis.

The audit commends the trustees for actions correcting problems about which the auditing firm has been complaining for years.

The audit lists, however, six areas in which changes are needed to improve operations. These include a recommendation that persons who receive expense allowances should not be permitted to obtain free gasoline or supplies from the garage or charge any auto expense to the district.

The audit says expense allowances should be restricted to actual work performed and that personal use of district property should be prohibited.

It notes that bids should be received on all purchases over \$100, that all assets should be recorded in the official inventory and that an insurance register should be established.

Medical technician class is scheduled

St. Elizabeth Hospital Trauma Center in Granite City will offer an 81-hour Emergency Medical Technician Class, starting in September.

Enrollment for this program will be limited to people who face life-threatening emergencies in the course of their occupation or volunteer activity. It is available to ambulance attendants, police, fire fighters and rescue personnel.

Enrollment for the class will be in person in the trauma coordinator's office at St. Elizabeth Hospital, Aug. 25 through Aug. 29, from 10 a.m. to 4 p.m. The first class will be at 6:30 p.m., Wednesday, Sept. 3, 1975.

Twenty-seven sessions of three hours each will be held on Mondays and Wednesdays from 6:30 p.m. to 9:30 p.m. All classes will be held at St. Elizabeth Hospital in Granite City.

This class also will require an additional 10 hours of work in

the emergency department of the hospital. The program will be limited to 30 students.

While the class itself is free of charge, there is a \$5 fee for text book and, at the student's option, a \$15 fee for the national registry examination.

With the participation of Belleville Area College, students who live in the college district also may take advantage of securing five semester hours of college credit. This option is available because of Belleville Area College's interest and involvement in delivering the Emergency Medical Technician Program. Students desiring the college credit pay only the credit hour fee. There is a \$10 registration fee for students who never have been enrolled at Belleville Area College.

More information about the program may be obtained from Steve Missee at St. Elizabeth Hospital, (618) 876-2020, extension 411.

Levee watchman facing charge

Anthony D. Byrd, 18, of East St. Louis, a part-time guard for the East Side Levee and Sanitary District, has been charged with forgery after a check was passed which levee board officials said was among 13 checks stolen from the levee district office.

The check in the amount of \$331 was cashed at an East St. Louis food store.

Helen Christich, district chief clerk, said seven of the stolen checks were passed for a total of about \$2,000 before the theft of the checks was discovered by a payroll clerk. The stolen checks were cashed in the names of persons who do not work for the district, Mrs. Christich said.

Steal 2 cars from lounge

Two autos parked at Rocco's II Lounge, behind the Biederman's building on Nameoki Road, were stolen between 9 p.m. Sunday at 1:10 a.m. today, the owners told police.

The car of Wayne Franklin, Florissant, Mo., stolen from that lot, was found burned in the Chouteau Slough area early this morning.

Police still are searching for the car of Terry Corbett, Ferguson, Mo., which was the other car taken from that lot. It is a 1972 green Mercury two-door.

Briggs begins elected term

Harold E. "Gene" Briggs of Nameoki Township was sworn in last week as Madison County regional superintendent of schools for the four-year term to which he was elected last November.

He has been serving in the position since Wilbur R. Trimpe resigned in the fall of 1973 to become president of Lewis and Clark Community College.

The oath was administered to Briggs by Chief Circuit Judge Edward J. Schuman and the commission was presented by Madison County Clerk Evelyn Boyle.

Venice establishes Bicentennial group

An ordinance establishing a Bicentennial Commission to coordinate activities for the nation's 200th anniversary observance was enacted by the Venice City Council last week.

Mayor William "Mike" Ebersold said he will appoint members of the commission after receiving recommendations from each of the eight ward aldermen.

Jack Tolliver, president of the Venice School Board, suggested that the city consider adopting some type of a city flag as part of the 200th anniversary celebration. He told the council that the schools are ready and willing to participate in any type of program the council might want to have.

Fred Durer, who along with Dale Crawford has been handling the Little League baseball program, informed the council that he can no longer help with the program.

"I want to thank the council for its support the past two years," he said. "I think our baseball program has done much to bring the citizens and the children of the city together. I have enjoyed working with the program, but I feel that I can no longer continue."

The council expressed its appreciation to both Durer and Crawford and agreed that the

Entertainers prepare album

Bill Allen and Lynn Christie, professional entertainers who spend much of their time residing in Granite City, announced this week that they are recording songs for their first record album, being prepared by Swing City Music in Collinsville.

The album will consist of all new songs, some of which were written by Lynn Christie.

The duo will be in this area about the time they attempt to complete the recordings. A release date is to be announced later.

Allen and Christie opened their act Wednesday night at Tony's Restaurant and Lounge, 5240 Nameoki Road, and drew a standing room only crowd during the weekend. They are to appear nightly, Wednesday through Sundays, at the lounge here for at least three more weeks.

Girl, 14, hurt

Donna Williams, 14, of 2436 Edison Ave., suffered head injuries at 5:12 p.m. Friday when the auto in which she was a passenger, driven by James Williams Jr. of the Edison Avenue address, collided with that of Raymond K. Voss Jr., 2553 Buenger Blvd., on Madison Avenue, about 500 feet south of Nameoki Road.

She was admitted to St. Elizabeth Hospital here for observation. Both drivers escaped injury.

Hospital notes

Patients admitted to St. Elizabeth Hospital Friday:

Dana Kaminski, 17 mos., 4405 Kirkpatrick; Milton Dunlap, 194 Viola Jones, Venice; Grace Vaughn, 1632 Cleveland; Mabel Vaughn, 3109 Wayne; Donna Williams, 13, of 2436 Edison; Faye Rogers, 2029 Fourteenth; Michael Valencia, 1833 Spruce; Zora Christensen, Brooklyn; John Roper, 3801 Lake, Lot 311; Cristy Lynn Roberts, 4140 Division, Trailer 12; Georgelette Lewis, 705 Webster, Madison; Carl Hughes, 16474 Market, Madison; Rose Niemeyer, 3206 Franklin; Rose Elmore, 2911 Edison; Anton Burich, 1444 Grand; Chas Woodard, 6135 Old Allen; Curtis Ray Jr., 8, of 2630 E. 24th; Mabel Casey, Tower Hill, Ill.; Phillip Richmond, 2010 Myrtle; Edna Ritz, 636 Lincoln; Leroy Hunter, 2720 Ralph; Lena Ponca, 1215 Oriole, Venice; Lendell Moschman, 1601 Courtenay; Barbara Wallace, 1923A Grand; Melvin Money-maker, 4916 Redwood.

THE SCHERMER BULLETIN
We had a few inquiries about "parts missing" turkeys. These are birds similar to the "parts missing" Cornish Hens, that is, generally, a wing or a leg is "missing." In the case of the turkeys, most of the comments have been, "well, that's fine with me, because my family prefers the white meat anyway." Since all of these birds bear the U.S. Government inspected stamp, you have nothing to fear as to the quality.

One of our good customers brought in this recipe which we pass on to you:

CORN COB JELLY
Boil three pints of water with 12 corn cobs for 25 minutes. Drain, and to one cup of "juice" add one cup of sugar and one box of sure-jell. Boil as you would any jelly. Note: Take corn off cob before boiling cobs.

At the risk of being repetitious, we are again reviewing the "rainbow stamp" situation. Full Rainbow Books can still be redeemed in the usual manner. Partial books will be redeemed by Top Value in the following way: In a SEPARATE BOOK paste whatever stamps are necessary in order to fill out the partially filled rainbow stamp book. DON'T PASTE TWO KINDS OF STAMPS IN ONE BOOK. KEEP THEM SEPARATE. Top Value will then redeem the partial rainbow book and the partial Top Value book on one Top Value Book. In this way you will not lose one single rainbow stamp. Again, NEVER PASTE TWO KINDS OF STAMPS IN ONE BOOK. KEEP THEM SEPARATE.

Our latest information is that the Top Value Redemption camp WILL OPEN HERE IN TOWN EARLY IN SEPTEMBER.

Leo and Avery

Marlene Feltmeyer wed in evening ceremony

The wedding of Miss Marlene Feltmeyer and Gerald R. Weller was solemnized at 7 p.m. July 18 at Niedringhaus United Methodist Church, with the Rev. Roy Baugh officiating at the double ring ceremony.

Nuptial selections were "Wedding Song," "More" and "I'll Be Home Again."

The former Miss Feltmeyer designed her bridal gown in white fabric featuring a square neckline, a high-rise waist, marked with a decorative trim, and short puff sleeves.

An overlay of white dotted tulle and pink and yellow ribbons accented the very full, gathered skirt.

A headpiece of white lace held in place her bouffant veil and she carried a bouquet of pink daisies, baby's breath and white carnations.

Honor attendant was Mrs. Marguerite Cavar, a sister of the bride. The bridesmaids were Mrs. Mary Ellen Fitzgerald, another sister of the bride, and Miss Francis Weller, the groom's sister.

They selected dresses identical in style to the bridal gown with long sleeves. Each held a bouquet of carnations and daisies in blue, green and pink hues.

Richard Rinehart served as best man. Groomsmen and ushers included Robert Rinehart, Robert and Steve Weller, brothers of the groom, and Dale Feltmeyer, the bride's brother.

A yellow dress made like the adult attendants' frocks was worn by the flower girl, Michelle Fitzgerald, a niece of the bride. Jeffrey Cavar, the bride's nephew, was the ringbearer.

A reception was held in Wesley Hall at the church after the service.

Both young people are graduates of Granite City High School. The bride is employed at the Granite City Army Installation and her husband works at Granite City Steel.

They are now residing in Granite City after a wedding trip to the Ozarks.

MR. AND MRS. GERALD R. WELLER, who were married at Niedringhaus United Methodist Church. The bride is the former Marlene Feltmeyer, 4716 Warnock Ave. of Mr. and Mrs. Orville Feltmeyer.

Sunshine Class topic is 'Faith'

"Faltering Faith" was the topic of the devotional lesson given by Mrs. Thelma McIntire at last week's meeting of the Sunshine Class of Grace Baptist Church.

Mrs. Edith Harris, who hosted the meeting in her home, 3052 Mockingbird Lane, also

conducted the business session. Games were played, followed by a dessert course with Mrs. Wilma Parker offering a prayer.

Others present were Mesdames Margaret Michaels, Agnes Kern, Mary McGinniss, Bernice Sharp, Lucille Gage, Mary Byxhe and guests. Mesdames Virgil Harris, LaVerne Parker, Ernie Kern and Morris Gages.

KITCHEN FIRE
Burning grease on a stove in the kitchen of the home of Elma Jackson, 2058 Fourteenth St., resulted in a fire that caused \$75 damage to the dwelling here last week. Firemen extinguished the fire in 30 minutes.

Kathy McClanahan and Ray Johnson married

A 2 o'clock double ring ceremony on Saturday afternoon at St. Mary's Catholic Church, Madison, united in marriage Miss Kathy McClanahan, a daughter of Mr. and Mrs. E. S. McClanahan, 1634 Fourth St., Madison, and Ray Johnson, son of Mr. and Mrs. Charles Johnson, Clinton, Ill.

Father John O'Connell, pastor of St. Mary's Church in Venice, performed the service, before an altar adorned with baskets of white mums, pom-poms, carnations and baby's breath. Variegated pink satin bows decorated the aisle candles.

Mrs. Warren MacZura, vocalist, sang "Sunrise, Sunset," "Sabbath Prayer," "At The Lamb's High Feast," "Ave Maria" and "The Lord's Prayer." She was accompanied at the organ by Jim Havranek.

Given in marriage by her father, the bride chose for her wedding a gown of candlelight silk organza and Alencon lace over satin.

The semi-empire bodice of lace featured a Victorian neckline and tiny cap sleeves. An intricate design of lace accented the front of the skirt which swept into a chapel train.

Her lace-edged mantilla veil cascaded from a cap of matching lace. She held a cascade of white miniature carnations, white roses, stephanotis and baby's breath, with eggshell colored streamers.

A sister of the bride, Miss Linda McClanahan, was maid of honor. Miss Christina Sandor, Miss Mary Jo Splitter of Highland Park, Ill., and Mrs. Stephen Pries of Pekin served as bridesmaids.

They were gowned alike in pink chiffon dresses made in Grecian styling with open V-necklines and caplet sleeves. A pink flower accented the

bodices and the skirts were softly flowing.

Each attendant wore a pink picture hat trimmed in the back with pink roses and pink netting. They carried colonial bouquets of dark pink variegated miniature carnations, daisies and red Sweetheart roses interspersed with baby's breath and festooned with pink streamers.

Richard Johnson, a brother of the groom, served as best man. Dan Holland of Normal, Ill., Chris Litchner of Urbana, Lonny Glenn, Clinton, Ill., Michael McClanahan, the bride's brother, Bob Zimmerman and Tom Huber, both of Hillsboro, Ill., completed the corps of groomsmen and ushers.

Guests were greeted by the newlyweds at a reception held at Holy Trinity Hall, Madison, after the ceremony.

Miss Lisa Newell of Seymour, Ind., and Miss Lisa Sandor attended the guest book. Also assisting was Mrs. Jim Shepard.

Mother of the bride, Mrs. McClanahan, wore a peacock blue and aqua chiffon gown, floor length, complemented with a white cymidium orchid. The groom, was attired in a formal-length blue and white dress enhanced with a blue cymidium orchid.

A rehearsal dinner was served Friday evening at the Round Table Restaurant, Collinsville, hosted by the groom's parents.

After a wedding trip the newly married couple will reside in Champaign.

The bride is a graduate of St. Teresa Academy and Eastern Illinois University at Charleston. The groom graduated from Clinton High School and EIU. He is employed as a teacher by the Mahomet (Ill.) School District.

MRS. DAVID ROSENBERG, the former Miss Melia Wofford, a daughter of Mr. and Mrs. Robert L. Wofford, 2215 Dewey Ave. She was married at Nameoki United Methodist Church.

Melia Wofford marries David C. Rosenberg

Miss Melia C. Wofford, a daughter of Mr. and Mrs. Robert L. Wofford, 2215 Dewey Ave., and David C. Rosenberg, son of Mr. and Mrs. Gerald E. Rosenberg, 2284 Cleveland Blvd., were united in marriage at 7 p.m. on July 12 at the Nameoki United Methodist Church.

The Rev. E. E. Marit performed the double ring ceremony. Nuptial selections were sung by Miss Marjan Ellsworth, accompanied at the organ by Mrs. Marge Ellsworth.

Selections included "He," "I Believe," "Sunrise, Sunset," "A Time For Us," "The Wedding Song," "Follow Me," "One Hand, One Heart," "Colour My World," "I Honestly Love You" and "The Lord's Prayer."

Escorted down the aisle by her father, the bride was gowned in white maracaine. Her dress, designed with a V-neckline, had long tapered sleeves edged in aurora borealis beading.

The skirt fell softly into a chapel train. She wore a mantilla veil bordered in wide Alencon lace and she carried an arrangement of American Beauty roses intermingled with red ribbon and white baby's breath.

Miss Mary Vasquez was maid of honor and the bridesmaids included Mrs. Phyllis Heneghan, a sister of the groom, Miss Patricia, Miss Helen Gyarmati, Mrs. Rita Rosenberg, the groom's sister-in-law, Miss Linda Laught, Mrs. McFarland, Miss Becky Ambsbury, Miss Kathy Lane and Mrs. Cecelia Herman.

The best man and groomsmen were Jerry Rosenberg, the groom's brother; David Heneghan, Jim Rollins, Richard Woods, Dennis Myracle, Edward Wingo, Dave McFarland, Jim Shepard, Jim Stuart and Ron Selph.

The honor attendant and bridesmaids selected red

polyester gowns made in a loose-fitting style and gathered at the front waistline to a shaped midriff. The bodices had V-necklines and short flared sleeves. Each girl held one long stem white rose tied with red streamers.

Flower girl Miss Lisa Fisher; the train bearer, Miss Denise Wofford, cousin of the bride; and candlelighters Misses Karen Peach and Cindy Warren wore long red dresses.

The flower girl carried a white wicker basket of red rose petals. Miss Julia Cowan attended the guest book at a reception held at Croatian Hall in Madison.

Escorting the guests to their seats were Geoffrey and Gregory Wofford, twin brothers of the bride, Bill Herman and Ben Crawford, the groom's cousin.

A rehearsal dinner was hosted at Heritage House in St. Louis.

For her daughter's wedding, Mrs. Wofford chose a long gown of shirred colored Quiana with a fitted bodice, square neckline, full skirt and matching jacket.

The groom's mother was attired in a full-length dress of mini green polyester fashioned with a fitted waistline, flared skirt and cap sleeves. Both wore corsages of miniature white roses.

The newly married Mr. and Mrs. Rosenberg are residing in Granite City following a wedding trip to Tan-Tan-A Resort at the Ozarks.

Both graduated from the local high school. The former Miss Wofford is attending Belleville Area College (BAC) and is employed in the offices of Dr. M. Gerard Baggot.

The groom attended Southern Illinois University at Edwardsville. He also is a student at BAC and is a patrolman with the Granite City Police Department.

Rules of Road class for seniors

Classes on Rules of the Road for senior citizens, who will be taking license examinations within the next three months, will be offered at 7 p.m. on Aug. 19, 21 and 22 at the Senior Citizen Center, 1918 Edison Ave., according to a report by Edgar Padlock.

Padlock, president of the Granite City Council of Senior Citizens, announced the classes at a meeting held last week at the center.

Plans were made to sponsor a booth at the "Charity Days" festival at Nameoki Village Shopping Center, Sept. 18 through Sept. 20.

Items for the booth are to be delivered to the center or will be picked-up by calling 876-7901 or 877-8753, Padlock said.

Any senior citizen wishing to attend the road rules classes should register at the center. Sessions will be limited to 20 persons per month.

Refreshments were served after the meeting.

Salad luncheon for GC Elkettes

A salad potluck luncheon was served last week to Elkettes members preceding a monthly business meeting at the Elks Lodge.

The hostesses, Mrs. Ruth Geroff, Mrs. Bernice Grimm and Mrs. Mary Passhof, served refreshments to 33 members.

Mrs. Kathryn Pomeroy, president, was in charge of the business discussions, including plans for a rummage sale and

spaghetti dinner. She said all items for the fund raising event are to be taken to Mrs. Kathryn Edmonds.

Members agreed to hold a "white elephant" auction at the Sept. 2 meeting.

Games were played and prizes were awarded to Evelyn Ferro, Virginia Johnson, Diane Warnhoff, Julie Barnes, Marge Wilker, Bess Weiss, Kay Taylor, Euphie Tarriss, Helen Todd and Margaret Wilimzig.

Proposed levee changes tabled

A proposal by Jack Scoville, president of the East Side Levee and Sanitary district board of trustees, to name Thomas Farrell, an engineer loaned to the district by the U. S. Army Corps of Engineers, as a "director" to supervise levee district activities was rejected by the board in a meeting at East St. Louis Wednesday.

The proposal was made by Scoville without prior discussion with other trustees, and resulted in a motion by Russell Robinson, Granite City member of the board, to defer the action and table the proposal until it could be considered further.

Robinson and Romeo Wilson, East St. Louis trustee, voted yes on that motion. Scoville voted against tabling while William "Mike" Ebersold of Venice voted no with Scoville, resulting in a 2 to 2 tie. Trustee Charles Meyers of East St. Louis, was absent.

The action came after Farrell, who is on loan to the district for one year to review district activities, submitted a long list of recommendations "to the best interests of the district," suggesting a series of changes in administrative and operative procedure.

The recommendations also were tabled. Ebersold said the report "contained nothing we did not already know," and added that "this information apparently came from someone in the district because Farrell has been with us only three weeks and could not know by this time the information he had in the report."

The board also delayed action on requests for approval of five building permits in the Quad City area, two in Arlington Heights and three on Morrison Road, until drainage facilities can be checked. Ebersold said the sites will be inspected today and action taken on the permits in a special meeting at 10 a.m. Friday.

Farrell recommended in his report to the levee board that the trustees appoint a director who would be the administrator of three separate departments—the engineering department, the legal department and the chief clerk. The engineering department would be in charge of maintenance, pumping stations, the sewage treatment plants and records. The attorneys would operate independently, while the chief clerk would be responsible for purchasing, billing and clerical operations.

Farrell's report said: "At this time I wish to present to you some recommendations for modernizing the operations of the district. My basic guideline for arriving at my recommendations was 'in the best interest of the district.' To this guideline must be added the control of the laws governing the operation of the district."

You, the elected members of the board, are the authority for the adoption or rejection of the recommendations. The personnel employed by the district should be asked to implement them. As elected members of the board you have been tasked by the public to do everything within your authority to provide them with the most efficient operation possible with the funds available. With the above objects in mind, I respectfully submit to the board the following recommendations:

FBI recovers stolen tools

Victor R. Schaefer, special agent in charge of the Springfield division of the FBI, announced today the recovery of approximately \$5,000 worth of stolen U. S. government tools and equipment taken in the burglary of a storage warehouse located on Rock Road, Granite City, owned by the U. S. Corps of Engineers.

According to Schaefer, the burglary occurred sometime during the late evening hours of Aug. 5 or early Aug. 6. Entry was gained into the building by breaking a skylight on the roof of the building.

Schaefer said the Granite City Police Department developed information which led to the recovery of the stolen property by FBI agents and officers of the Granite City Police Department and Madison County Sheriff's office. The property was recovered at a house on Highway 3, Granite City.

Schaefer said no one has been charged at this time and a joint investigation is being conducted by the FBI, Granite City police and the sheriff's office.

MADISON, ILLINOIS

structure be established. A proposed staffing plan is attached and marked "staffing plan." This recommendation is made because it appears that there is no specific chain of command.

2. The office staff should be rearranged to specific functions. My recommended staff would be:

(a) Engineering: The engineering department should be of its present responsibilities.

(b) Clerical: To include billing for both drainage and sanitary; also included within this element would be the purchasing of district materials.

(c) Pollution: Would cover the operation of the sanitary facilities.

The above identified areas are very general in their above description of work areas.

A more detailed breakdown of individual responsibilities will be required.

3. The present billing procedure should be reviewed by the accountant and recommendations solicited from them to improve the billing procedure and operation of the collection of drainage taxes. Any rejection of their recommendations should be accompanied with sufficient justification.

4. A more selective hiring procedure should be established. According to ordinance 744 the board must approve of the employment.

Prior to an applicant before the board the applicant should be required to take a physical examination. Also prior to an applicant appearing before the board there should be an interview with the supervisor and applicant, then a recommendation from the interview should be whether the applicant should be hired. The board will have the final word. Also, job descriptions should be made up for each job.

5. Along with the actions in paragraph 4 above, the existing personnel that are retained should be given the opportunity to achieve a permanent status after a certain number of years with the district. As a basis, the federal government uses a period of three years. Those personnel who are retained should be given permanent status after a certain number of years.

6. If possible a listing of temporary help should be maintained for temporary duty. These employees should be listed as temporary and receive no benefits.

A permanent employee ceiling should be established subject to an annual review by the board and department heads.

8. The board and executive director should meet with local unions to arrange for a contract for both counties (Madison and St. Clair).

9. A new location for the office and garage should be located. The location should be approximately in the center of the district. All of the existing offices and garages would be closed. As a result of consolidation the total labor cost could be reduced. A more efficient office plan would facilitate better use of office hours.

10. Equipment should be utilized better; specifically the existing mowers are undersized for the mowing required. The tractors are big enough but the mowers are not matched to the tractors. Large wing type mowers should be used, this would provide more mowing capability at a reduced man-hour expenditure thus providing more man-hours for other maintenance work.

11. The district should enter into agriculture leases for the district-owned ground. Some of the ground is being farmed now without any return to the district.

12. All purchases by the district should be by bid as cited by ordinance. Also any purchases should be from the lowest available source. This can be accomplished by obtaining prices by phone and then verified by the clerk or other responsible employee.

13. All blanket expense accounts should be phased out. Any expenses incurred by an official or employee in the line of duty should be reimbursed on the basis of paid receipts. Funds for expenses over and above individual expenses should not be allowed unless the board authorizes the expenditure at a regular meeting. The blanket gas allowance should be phased out.

14. The furnishing of vehicles should be restricted to those employees on 24 hour call, director, engineer, maintenance foreman, pump station superintendent, and pollution superintendent. The need for the members of the board to be furnished cars can be accomplished by establishing a vehicle pool at the district office which would furnish a vehicle for official business.

15. A manager should be hired for the Pollution Department. The pollution consultant should furnish guidance concerning the job description for the manager.

16. Also, consideration should be given to hiring a bookkeeper or converting one of the present employees to a bookkeeper.

17. Board members should be notified by certified mail (return receipt) of all board meetings. For any special appearing before the board the applicant should be required to take a physical examination.

18. The district should replace some of the sedans with pickups. The pickup will provide more flexibility to the district.

19. There should be a monthly summary of funds to indicate the amount expended, amount obligated and the funds left to be expended. Also included in the summary should be the amount of funds expended by each department and by the members of the board.

20. Employees over the age of 65 should be retired unless it can be substantiated that the particular employee is essential to the operation of the district.

21. The above actions could result in the reduction in force of personnel in the watchmen force and administration. The above actions could result in the reduction in force of personnel or personnel caught in the reduction.

Listed below are some minor operational deficiencies which can be corrected without any immediate need for board action.

1. The office should function in a more professional manner.

(a) Someone should be designated to answer the phone on all incoming calls instead of letting it ring.

(b) Employees should become more punctual in their working hours.

2. The office needs to be cleaned up both in cleanliness and files.

3. An equipment inventory should be reactivated to include the funds expended for repairs to the equipment.

4. The paying of bills should be expedited.

5. All district mail should pass through the concerned department prior to going to the board members. This allows the members of the status of the board; also it will help to facilitate an early reply to the correspondence.

6. A real estate inventory should be compiled indicating all lands owned by the district; also the district should initiate a program of monumenting district property.

The comments contained in this report are not all inclusive, as time progresses I will be able to furnish additional recommendations dealing with specific areas.

I feel the immediate priorities are:

(a) Consolidation of offices.

(b) Establishing an organizational plan.

(c) Provide more detailed accounting of fund expenditures and available funds.

(d) Hire a bookkeeper.

(e) Hire a manager for the Pollution Department.

(f) Hire a bookkeeper or convert one of the present employees to a bookkeeper.

(g) Hire a manager for the Pollution Department.

(h) Hire a bookkeeper or convert one of the present employees to a bookkeeper.

(i) Hire a manager for the Pollution Department.

(j) Hire a bookkeeper or convert one of the present employees to a bookkeeper.

Thieves steal \$1,600 trailer

Thieves took a construction trailer parked at Propes Avenue and Charles Street, it was reported at 4 p.m. Thursday by a witness who told police he observed two men in a white Dodge station wagon hook up to the tandem-wheeled orange trailer, valued at \$1,600.

The witness said he followed the auto to 23rd Street and Washington Ave., and then he observed the theft. A construction crew working at 27th and Washington. The trailer, with Serial Number 4076, is owned by Virgil Davis of Pacific, Mo.

Charged after car strikes sign, tree

John L. Hopkins, 26, of 1719 Edison Ave., was charged with damage to public property and having no driver's license at 3 p.m. Wednesday, after his car was involved in a series of incidents.

Hopkins allegedly was driving south in the 1700 block of Edison Avenue when the linkage struck causing the vehicle to strike a city sign, travel along the sidewalk, cross 17th Street and travel down the sidewalk on the opposite side of the street, then strike a tree at the home of Clarence Noon, 1638 Edison Ave.

Hospital notes

Patients admitted to St. Elizabeth Hospital Wednesday:

Christopher Stein, 2, 1015 McCambridge, Madison; Louise Shipman, 2914 Buxton; Kathleen Grafford, Alton; Phillip Sorenson, 1205 Meridian; William Campbell, 731 Twenty-sixth Place; Janice Lienemann, 3021 Forest; James Johnson, 2805 Dale; Emma Earhart, 2835 Edwards; Celenia Watson, Brooklyn; Ted Jones Sr., 2800 Roosevelt; Gordon Thompson, 1901 State; Lawrence Puent, 10 Jeanette; Mary Clayton, 637 Salverter; Venice, Rose King, 3 Park; Towner, Ruth Isam, 2337 Madison; Mary Krieschok, 1005 Iowa, Madison; Linda Kamadusi, 4338 Highway 161; Holly Braundmeier, 6, of 2717 Ralph; Phyllis Carbaugh, 1609 Spruce; Charlotte James, Edwardsville; Terry Harris, 2941 Wayne.

Friendly communication stressed by university

Friendly communication between different peoples and cultures of the world is a major concern at Southern Illinois University at Edwardsville—a learning center for both students and educators from many parts of the world.

Claude Francis, professor of foreign language and literature at SIUE, reports, "The graduate development studies project, currently being offered at SIUE, prepares students for any career in which they must work with and relate to other people of the world."

The program offers a series of courses through which a person learns to know himself better, as well as others, by becoming aware of the differences in lifestyles, needs and basic concepts.

"All of these things," she adds, "enable a person to excel in his or her particular working field."

According to Prof. Francis, "Friendly communication is essential if peace and understanding are ever to be gained throughout the world."

On the other hand, if a person comes in touch with the various ways people think, speak, act and live, then he or she can acquire greater knowledge, understanding and acceptance, she comments.

"All of these things," she adds, "enable a person to excel in his or her particular working field."

General studies registration begins Aug. 18

Fall semester registration for general studies courses at the Madison Extension Center of Belleville Area College (BAC) will be held Monday through Thursday, Aug. 18 through Friday, Aug. 20.

Registration will be at the Madison High School, Sixth and Farris streets, Madison from 2 p.m. until 4 p.m. and from 6 p.m. until 8 p.m.

Fees for general studies courses are payable at the time of registration. Credit course fees will be billed to the individual by the college at a later date. A general rule of thumb for credit courses would be a one-time \$10 registration fee and then \$9 per credit hour. A three credit hour course would cost \$37.00 for a one-time registration fee and \$27 tuition. The next course would cost \$27. There would be no other registration fee while the student is attending.

Most courses will last one semester or sixteen weeks. The standard cost per credit hour is \$9 for indistrict residents. This, however, does not include the cost of books. Ten people are needed to have a class.

Any public aid or welfare client who is interested in taking classes, must make this request to Mrs. Amanullah or Mr. Mount at 696-8100, extension 52 in the Edwardsville office at least three weeks before the start of classes.

Any senior citizen may be able to attend at a reduced cost. High school seniors may take general studies or credit courses with the consent of the principal.

Night care services will be available for children between 5 and 10 years for Belleville Area College Students. Qualified staff will conduct the center with an emphasis on learning. Time will be 6:30 p.m. to 10 p.m. Children should be registered by Aug. 22.

Grant to study readiness for career classes

Measuring Career Readiness in Elementary and Secondary Education, a research program at Southern Illinois University at Edwardsville, has been awarded a continuing \$42,996 grant by the Illinois Office of Education.

Dean Gray, associate professor of counselor education at SIUE and director of the program, said, "The purpose of the program is to develop instruments for identifying a student's readiness and interest in career curriculum material."

"Up until now," Gray said, "no one has ever devised a means for judging a student's readiness for the material being offered."

"There was no way of knowing if the career information being taught to students, especially elementary students, was going over their heads or filling their needs in any way, shape or form."

Gray said two instruments or tests, are being developed; one will utilize a picture format, and the other a verbal format.

"Career education is important," the project director said, "because it makes a student aware of the world of work and how he or she might fit into it."

"If a teacher is able to measure a student's comprehension of the career education process, then information can be molded to fit the student's level of understanding."

Soil, water conservation '75 bus tour

The Madison County Soil and Water Conservation District will sponsor its annual all-day bus tour Saturday, Aug. 23.

The bus will leave the U.S. Department of Agriculture Building (Old Alton Road, south of the junction of 159 and the northwest edge of Edwardsville) at 9 a.m. There is no charge for the tour, but reservations must be made before Aug. 19 by calling the County Soil and Water Office at 696-4710.

Stops will be made at a pond construction, a no-till corn plot, a Chinese vegetable garden, a diversion and waterway, and a house where native lumber has been used.

The noon meal will be at an area restaurant.

Epstein-Byrnes engagement

The engagement of Miss Bonnie Joyce Byrnes, a daughter of Mrs. Jean Byrnes, 4232 N. Main St. and the late Charles Byrnes, to Jay Arthur Epstein is being announced by the bride-elect's mother.

Miss Byrnes graduated in 1971 from Granite City High School and from St. Louis University in May. She is presently working as a physical therapist at Jewish Hospital, St. Louis.

Her fiancé is a son of Mrs. Arthur Epstein of St. Louis and the late Mr. Epstein. He received his master's degree in communication and human relations from Webster College in 1974 and currently is employed by the Bicentennial Commission in the arts. Plans are being completed for a Sept. 25 wedding.

Swim party for Sweet Adelines

Members of the board of directors of the Collinsville Chapter of the Sweet Adelines and others from the chorus were guests of June Sweet and Wanda Spivey at a combination business meeting and social dining party held at the Holiday Inn Motor Lodge in Collinsville last week.

Plans are being made for the chapter's annual show which will be held in November at Webster Junior High School, Collinsville.

Membership in the chorus is open to all area women who like to sing and who are interested in barbershop harmony. Further information about the Sweet Adelines may be obtained by phoning Mrs. Jo Beatty at 831-5436.

Rollettes fete Mrs. Jackson

Mrs. Betty Brooks entertained the Rollettes Club last week in her home, 2313 E. 23rd St. The event also honored Mrs. Sharon Jackson on her birthday.

Prizes were awarded to Mrs. Joyce Waller, Mrs. Edith Wofford and the hostess. Secret pal names were drawn and a dessert course was served by Mrs. Brooks.

Others present were Mesdames Diana Wilson, Mary Ann Butters, Reata Radefeld, Jeanette Wilson, Betty Riedle and a guest, Mrs. Carol Smith. Mrs. Waller will host the next party at her home, 2032 Rhodes St., Madison.

Amvets at state executive meet

Amvets Post 51 Commander Adam Petras and his wife, Jackie, Amvets Auxiliary Division 3 president and head of the Post 51 auxiliary, attended an executive meeting of the Illinois Amvets and Auxiliary at Springfield during the weekend.

Last week, Mrs. Petras presided at the Amvets Auxiliary's divisional meeting at Post 4 in Mount Vernon. Quarterly statements were read and service reports were submitted by auxiliary units, including Post 51.

Mrs. Charlene Sanders of Granite City was awarded a special prize. A buffet dinner was served after the business session.

Also at the Mount Vernon meeting were Mr. and Mrs. Tom McGowan, Ben Sanders, Mrs. Glenda Brockman and Adam Petras.

WONDERA, CONVALESCING AT HOME AFTER SURGERY Frank F. Wondera, 2664 E. 27th St., has returned home after spending the past five weeks at Jewish Hospital, St. Louis, where he underwent surgery for the third time to correct a back ailment. Wondera, who is retired from American Steel Foundries, also had open heart surgery three years ago.

MR. AND MRS. DAVID L. KENDALL, who were married at the Church of the Nazarene in Roxana, the bride is the former Rebecca Denise Embick, daughter of Mr. and Mrs. Dean A. Embick of Edwardsville, formerly of Granite City.

Roxana Church scene of Kendall-Embick wedding

Miss Rebecca Denise Embick, a daughter of Mr. and Mrs. Dean A. Embick of Rural Route Seven, Edwardsville, formerly of Granite City, and David Lee Kendall, Bourbonnais, Ill., a son of Ralph Kendall, Westland, Mich., and Mrs. Joyce Kendall, Sterling Heights, Mich., were united in marriage on July 26 at 3 p.m. at the Church of the Nazarene, Roxana.

The Rev. Lindell Browning, bride's brother-in-law, performed the double ring ceremony. The sanctuary was decorated with greenery and tree candelabras.

Miss Colleen Blanchard sang "Starting Here, Starting Now," and Jeff Reeves sang "Follow Me." The bridesmaids walked down the aisle to "Jesus, God of Man's Desiring." During the ceremony "Sunrise, Sunset" and "Wedding Prayer" were sung as a duet by the vocalists.

Escorted down the white carpeted aisle and given in marriage by her father, the bride was gown in white silk organza with a combination of tulle and Venice lace. The bodice was designed with high neckline of lace which extended over the shoulder to accent full bishop sleeves. The floor-length skirt swept into a graceful court train, bordered with a wide ruffle.

Her formal veil of illusion was edged with lace and cascaded from a lace bonnet. She held a nosegay of white Sweetheart roses, stephanotis and baby's breath with bridal lace streamers.

Mrs. Lindell Browning, bride's sister was matron of honor, and Miss Leslie Barnett, cousin of bride, was maid of honor. The bridesmaids were Mrs. Gary Embick, bride's sister-in-law, Miss Deena Sayes and Miss Tammy Kendall, groom's sister.

They were identical gowns.

Former resident is medical technician

Steve Stagner, son of Mr. and Mrs. Fentress Stagner, 3145 Carlson Ave., graduated from St. Mary's Hospital School of Medical Technology in Decatur, Ill. on July 13.

A 1971 graduate of Granite City High School, he is now employed with a firm in Champaign, Ill.

The former resident and his wife, Brenda, are residing in Monticello, Ill.

MRS. MICHAEL DOWNEY, who was married at the First United Methodist Church in Collinsville. She is the former Cynthia Ann Morris, a daughter of Mr. and Mrs. Herbert Roger Morris of Collinsville.

Cynthia Morris becomes Mrs. Michael G. Downey

Miss Cynthia Ann Morris, a daughter of Mr. and Mrs. Herbert Roger Morris of Collinsville, and Michael Gene Downey, son of Mr. and Mrs. Paul Eugene Downey, Collinsville, formerly of Granite City, exchanged wedding vows Friday evening at the First United Methodist Church in Collinsville.

Officiating at the 7 o'clock ceremony was the Rev. Elmer Fenton.

For her wedding, the bride chose a white organza gown fashioned with a high neckline of Venice lace flowers and a sheer yoke, defined with a wide ruffle extending over the shoulders to create cap sleeves. Lace motifs and tiny pink rosebuds accented the empire

waistline, the gathered flounce of the semi-straight skirt and the sweeping chapel train.

She wore a Venice lace Juliet cap to secure her bouffant shoulder length veil.

Maid of honor was Miss Lynn Harris, a sister of the bride, and Robert Dow served as best man.

A Collinsville High School graduate, the bride is now employed by Your Insurance Agency, Inc., Collinsville.

The groom graduated from Columbia Military Academy and attended Southern Illinois University at Edwardsville and Belleville Area College. He works for Geigher Pipe and Supply Co., St. Louis.

The couple will make their home in Collinsville.

Attractive proposal to provide housing for aged, handicapped

An advantage of a proposal discussed last week — Madison County Housing Authority development of a 100-apartment senior citizen housing complex on the 11-acre site of the Madison County shelter care home — is that the financial responsibility would not fall directly on county taxpayers. Earlier, some individuals were proposing that the county enter into the nursing home business at Edwardsville in a big way. MCHA would buy the shelter care property from the county government for \$200,000. The plan was reviewed at a special board session Wednesday night and is to be considered by the County Board at its Aug. 20 meeting.

Housing Authority Chairman William Pistrucci said the present shelter care home will not be eliminated, at least not until arrangements are made for transfer of patients to a new facility. Along with housing for the elderly, MCHA hopes to

develop housing for the handicapped on the site; the section for handicapped persons could be able to accommodate those now receiving shelter care.

Both patients and employees would get first preference in transferring, the chairman pledged.

The new housing would be paid for with MCHA revenue bonds, if the authority can obtain a commitment from the U. S. Department of Housing and Urban Development for rent subsidies. An application is being submitted prior to an Aug. 15 deadline, and the partial rent payments could go to either the authority, private developers or a joint MCHA-private firm project.

The plan seems especially attractive because it could benefit not only persons 62 years of age and older but also individuals of all ages who are afflicted with handicaps that impede their earning ability.

Simplification of existing welfare mechanisms may be sought

Press-Record Washington Bureau — Caspar Weinberger, retiring secretary of health, education and welfare, warns of the proliferation of social programs that threaten to undermine the national economy.

But more than the potential for economic ruin is involved.

The temptation to government to engage in "social engineering" in administering duplicative and overlapping welfare programs is a threat to personal freedoms. President Ford is aware of the waste and inequity in the wide variety of assistance programs adopted over the past 10 years and is expected to make welfare reform an issue in 1976.

And while Mr. Ford speaks wistfully of a return to the old virtues of thrift and self-reliance, the task force he has created to review the system will launch its effort from a platform of reality.

The redistribution of income is a concept that is with us to stay.

So-called "transfer payments," a technical-sounding term to describe the shift of income from one group of in-

dividuals to another through the tax system, provide more income for Americans than any source other than wages and salaries.

But poverty apparently persists, despite the massive redistribution effort, which encompasses not only cash payments but food stamps, public housing and manpower training.

There is a growing sentiment for adoption of a single cash grant, based on need and income, as advocated by Weinberger.

The Urban League in a recent meeting at Atlanta endorsed the proposal — sometimes called the negative income tax. Under the system, administered through the tax service, individuals whose income was above a set level would pay taxes. Those below the established level would receive "tax grants."

The President's task force reportedly will give serious study to the plan. Advocates say that, if implemented properly, it could cut billions of dollars from the federal budget.

The negative income tax is no panacea, but it might make it easier to understand the welfare issue if it becomes the sole source of poverty assistance — and if, as Weinberger puts it, Congress "has the nerve to say 'no' to more social programs."

Economy, fiction affect Gov tax

Enrollment has declined but the rise in the cost of living has prevented a reduction in salaries and costs. Other expenditures of Granite City Community Unit School District No. 18, largest Quad-City area taxing body.

While yearly budgets and tax levies have risen, there have been some reductions in certain budgetary divisions as well as numerous cutbacks in specific budget items, including the administrative staff.

School Supt. B. J. Davis said in a 1975-76 budget report last week that, aided by changes in assessed valuations, the aggregate district tax rate has been cut since 1972 from \$3.91 to \$3.70.

"These rates not assessing at that level have three years to reach the level of this legislation. The estimated assessed valuation, we believe, is as realistic as we can make at this time," Heubner related.

"If the actual assessed valuation is more than the one projected, the proposed tax rate will drop proportionately. However, if the actual assessed valuation is less than that projected, our levies will be reduced to that amount that can be produced by the maximum tax rates applied to the actual valuation."

"Since we are levying the maximum rate for the education fund, the building and maintenance fund, and the transportation fund, these rates could not be increased but could possibly decrease. There could also be a possible loss of revenue in these funds if the actual assessed valuation is less than projected."

"The rates for the Illinois Municipal Retirement Fund and the Building Fund into the Education Fund. Again this year, they are included here. The utilities and heating have increased approximately 20 percent to 25 percent in order to cover projected increases. The balance of the increase is in projected salary increases."

"Maintenance. An increase of \$13,468, due to salary increases and increases in the cost of contractual maintenance on office and instructional equipment. Fixed charges. An increase of \$145,000. This year, we have moved projected cost for unused earned salaries from the instruction area to the budget to this account. It is our opinion that these monies should not be charged into the salaries section for current operations. In addition, we have included an increase in our bus maintenance based on information available at this time. This is on bid presently. Athletic program. This account has increased \$947. This increase is normal and must be made to meet the requirements of this account."

"Textbooks for sale or rental. A decrease of \$17,200. The amount budgeted will meet the requests and requirements as submitted by Owen Humphrey."

"It will be extremely close, but we are a user of the 1975-76 tax rate without issuance of tax anticipation warrants."

"We understand they plan to come here soon and we will appreciate their support of our solution to the ground water problem that we have destroyed many homes over the years."

"By a break accident to a sewer line inside Doreby Slough in the old Nameoki area of Granite City, a dewatering of the entire slough took place in order to repair the sewer break."

"When the dewatering program began, some of our homes had as much as 24 inches of water in the basement."

"After less than a week of pumping, the water was pulled

"out and — except for the damages — we had dry basements. As soon as the sewer was repaired and dewatering stopped, the water table came back. It took five days to recur. It would appear that a series of ground water wells that could be placed around the perimeter of the affected area, so that a cone of depression could be developed in the residential section, thereby insuring that the water would not develop to cause leakage of ground water into the basements and thus maintaining use of some of the basements."

"This scheme would not have been appropriate prior to the development of the temporary stormwater program by the State of Illinois."

"Prior to construction of that system, it would have been impossible to lower the ground water because there was no outlet to which to deliver the water. There is no reason to believe that the excess ground water cannot be easily controlled, as is the surface water."

"We have a copy of the 1974 Illinois State Water Survey,

and have received a grant for the same purposes for \$120,000. "It will reduce this year's extension by the same amount. Our tax rate in this fund last year was 44 cents and it should drop to 42.32 cents this year."

"The transportation fund is in poor financial condition, and may continue to decline."

"Our revenue this year is projected to be \$467,235. Included is the reduction of \$26,712 under the veto of the governor. This past year we ended with a cash deficit of \$38,388."

"Our planned expenditures in this fund are \$638,150, which would result in a deficit of \$170,915. Also included in this budget are tax anticipation warrants in this fund totaling \$225,000."

"We can possibly meet our transportation obligations by borrowing from other funds in the board at a later date."

"Unless transportation is reduced, or future additional relief is received from the state, the transportation fund will no longer be able to support the expenditures necessary."

"In the Municipal Retirement Fund, each year our rate increases and the amount of salaries on which we have to pay also increases. In the past year, our cash deficit in this account was approximately \$66,000."

"This levy we make this year will be for cash to operate next year. Therefore, we are recommending increasing this over this year's projected expenditures in order to provide sufficient revenue to meet projected expenses the next year and, we hope, reduce this deficit."

"Frankly, I think our possibility of receiving any grant of this type is not good. But we feel we must appropriate this amount in case we do receive some grant revenue. The two revenues could then be used for possible construction of some areas we feel necessary."

"The cash balance at the beginning of this year was \$345,533 and this should provide us the revenue needed this year without borrowing."

"The levy is filed by the school district for the bond and interest fund, since the extension to the bond is necessary, it is made by the county clerk. In the past year, the county clerk extended \$989,363."

"This year, the extension should be \$833,245. Last year, we applied and received a grant from the state which provided \$128,282 to apply to the retirement of debt principal, reducing our extension by that amount. This year we applied

which concurs with our feelings. We sincerely hope and pray that the officials will make this study a reality, possibly under Public Law 99 for emergency programs."

"Not only will it cure our problems with our homes in Nameoki and Granite City in the old slough path, but it will halt most of the sewer breaks that have been occurring."

"Perhaps this information will be all together in solving the most unfortunate flooding problems in the state."

"Major revisions in the income section of the present budget as compared to our first draft are as follows: 1. The state aid amount has increased from \$9,381,087 to \$9,812,033. 2. The special education and vocational reimbursement has been reduced from \$318,000 to \$462,000. 3. At this time it is impossible to forecast to what extent the state will accept or decide to override the particular line item reductions. However, the income section of this budget is based on the most pertinent information available."

"Also included in the cash flow section of the budget is \$240,000 which is the 17 percent deficiency not received prior to July 1 on the past year's state aid. This payment was received July 1974 and fully funds our 1974-75 state aid."

"It will be extremely close, but we are a user of the 1975-76 tax rate without issuance of tax anticipation warrants."

State public water agency 5 years old

By JIM DALLAGE
Illinois Environmental Protection Agency

"I turned on the faucet and nobody was there. Nobody says that, at least not often. Why? Because clean, pure drinking water is taken for granted. It's so basic, so essential, so much a part of our lives that we don't think about it until something goes wrong."

"That's why we support the American Water Works Association's Better Water for People Week, Aug. 10-17," Markwood said this week.

"Public water suppliers throughout the state and nation will conduct open houses and other activities to help make people aware of their vital functions so they can receive the intelligent public support they require."

"Public water supplies and the trained, skilled operators who run them can't be taken for granted; they're too important for that."

"That's the reason the Division of Public Water Supplies was created in 1970 as part of the Illinois Environmental Protection Agency. The Division's goal is to see that each water consumer served by a public supply receives a safe, clean, adequate amount of water he is

entitled to.

To meet that goal, division personnel require samples to be taken at least monthly from every public water supply.

The Division inspects treatment plants and trains, examines the water supply and waterworks operators — operators that every public water supply in Illinois are required to have.

"Our primary concern is with the prevention of illness of public water supply consumers. Environmental health and technical policies are directed toward this end," said Markwood.

"We do enforce the laws, rules and regulations when necessary, but only when attempts at voluntary improvement have failed and enforcement is the only way to assure the public's health."

"By issuing permits for waterworks construction and operation, we can also assure that the system can provide safe water."

"Water consumption per person can range from 60 gallons per day in rural Illinois to as high as 300 gallons per day in urban, industrial areas of the state. This includes water for drinking and other domestic use, plus commercial and industrial purposes."

"Illinois' 1,600 public water supplies must produce drinking water safe for human consumption. The governing specifications and regulations are strict."

"The Division helps by offering technical expertise, advice and assistance to these water suppliers."

"Environmental Protection Agency needs to be a concerned, responsible partner in protecting the public health."

"But that partnership also includes the public," Markwood said. "Public water supplies use the people's money and need the support — everyone should know what's going on."

"We urge all people to take advantage of Better Water for People Week and visit their waterworks. There's a lot more to it than just pipes and valves," he concluded.

"Producing safe water is a long process and is done with the skill found in any good food processing plant. But it's more complicated, because a public water supply is a complex, self-contained collection, processing and distribution system," explains Ira M. Markwood, manager of the Illinois Environmental Protection Agency's Division of Public Water Supplies.

"Producing safe water is a long process and is done with the skill found in any good food processing plant. But it's more complicated, because a public water supply is a complex, self-contained collection, processing and distribution system," explains Ira M. Markwood, manager of the Illinois Environmental Protection Agency's Division of Public Water Supplies.

1040 U.S. Individual Income Tax Return for the year ending December 31, 1974, or other taxable year. U.S. Treasury Department Internal Revenue Service

Taxpayers Ask IRS

Q. Can there be advantages for a married couple filing separate returns?

A. If you and your spouse each have income for the year, you may pay less tax by filing separate returns. For example, if one of you has moderate income and substantial medical expenses while the other has little or no medical expense, you may increase your total medical deduction by filing separately.

If you live in a community property state (Arizona, California, Idaho, Louisiana, Nevada, New

Mexico, Texas and Washington), it may be advantageous to file separately.

To find out which filing method is better for you, compute your tax both ways or contact the nearest IRS Taxpayer Assistance office.

Q. Do I have to withhold income tax or FICA (social security) tax from domestic workers I employ in my home?

A. No. You are not required to withhold income tax for domestic workers in your home. However,

you and your employees may agree to withhold income tax. The agreement must be in writing and attached to your employer's Form W-4 withholding statement.

FICA tax is due if you pay the worker cash wages of \$50 or more during a calendar quarter. The FICA tax rate for 1975 is 11.7 percent of the wages paid each employee up to \$14,100. Of this amount, one-half (5.85 percent of the wages paid) may be withheld from the employee's wages, or you may pay the total amount yourself.

'I FEEL RIGHT AT HOME'

Favorable ruling on expressway

Illinois Attorney General William J. Scott issued an opinion during the weekend that the City of Chicago has legal authority under the Illinois Constitution and statutes to agree with the federal government to fund the non-federal share of the proposed Crosstown Expressway, and to undertake the capital improvement required by the controversial expressway.

Scott said such authority may be exercised by the adoption of an appropriate home rule ordinance by the City Council of Chicago.

He issued his legal opinion at the request of Federal Highway Administrator Norbert T. Tiemann, Chicago Mayor Richard Daley had been urging construction of the road, which has been fought by Governor Daniel Walker.

Scott pointed out that home rule provisions of the new Illinois Constitution completely reversed, for home rule units such as Chicago, the fundamental law governing their legal powers and authority.

In addition, the 1970 Constitution expressly grants broad powers for intergovernmental cooperation to all units of local government — whether home rule units or not — including authority for cities to contract with the United States government.

Scott said the key question is whether undertaking the capital improvement embodied in the expressway, and agreeing to fund the non-federal share, constitute exercise by the city of a home rule power or function.

Scott added, "The authority of a municipality to lay out and to construct streets within its boundaries does fall squarely within the purview of a function pertaining to its government and affairs."

"The planning and construction of streets is of vital and paramount importance to the management and orderly development of a municipality."

"A city, not possessed of that power, would indeed be deprived of one of the most basic attributes of its existence, and could not properly fulfill its function for which it has been created and designated."

"The clear intent of the constitutional home rule provisions — coupled with the interpretation which those provisions have received by the courts of the state — bear out this authority."

"It is fortified and buttressed by the constitutional command that the powers and functions of home rule units shall be construed liberally."

Advising Scott on the Crosstown Expressway legal question were several senior attorneys, including Samuel W. Winer, former president of the Constitutional Convention; Deputy Attorney General Robert J. O'Rourke; First Assistant Attorney General Fred Herzog, who is currently the acting dean of John Marshall Law School; John Freely, former Illinois Supreme Court administrator; and John Hastings, retired general counsel of Household Finance Co. and now chief of the Attorney General's opinion division for Northern Illinois.

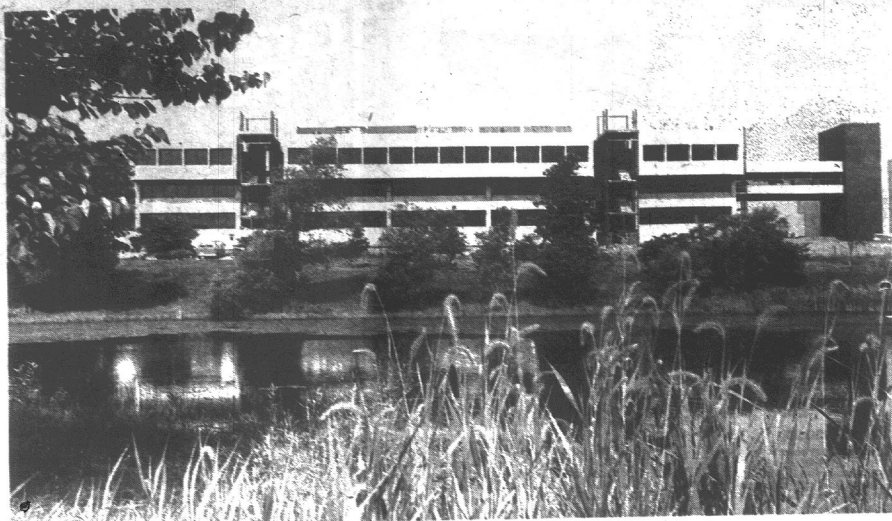

TRUCK LOADED

James Smith of Gary, Ind., reported here last week that items were removed from the floor of his unlocked truck on a parking lot at the Travelodge Motel, 19th Street and Niedringhaus Avenue. Taken were assorted tools valued at \$250, a pair of boots valued at \$23, and a carton of cigarettes valued at \$4.50.

WANTED 8 HOMES That Need Painting

ILLINOIS AREA — 8 home owners in this general area will be given the opportunity of having the new Steel Siding by U.S. Siding & Const. Co. applied to their homes with optional decorative work at a very low cost. This amazing new product has captured the interest of homeowners throughout the United States who are fed up with constant painting and other maintenance costs. It will last for 30 years and provides full insulation summer and winter, as well as fire protection. Our new product can be used over every type of home, including frame, concrete block, stucco, etc. It comes in 16 colors and is now going to be introduced to Illinois area market. Your home can be a show place in your vicinity and we will make it worth your while if we can use your home.

For more information, write to U.S. Steel Co., 1000 North Dearborn, Chicago, Ill. 60610.

RIISING FROM THE PRAIRIE. Two brand new classroom buildings —nearing completion on the campus of Southern Illinois University at Edwardsville—afford a vista of placid water, cattails, prairie grass and academe.

Bell, Conway honored

Fifteen members of the first graduating class of the School of Dental Medicine of Southern Illinois University at Edwardsville have been honored for superior performance in various curriculum areas, according to Dr. Stanley P. Hazen, dean of the school.

Awards were presented by faculty members and representatives of the Madison District Dental Society and St. Clair District Dental Society at a luncheon at the Ramada Inn, Alton. Two awards also were made to students in the first two years of the school's three-year program.

Commencement exercises for the school's first graduating class took place Saturday afternoon in the Communications Building theater on the main SIUE campus.

Members of the graduating class received their National Board certificates at the awards luncheon, signifying successful completion of the national examination required for application for a state license to practice. Dean Hazen said all members of the class of 1975 were successful.

The students recognized for significant achievements and the awards they received are:

Bernard L. Bucher Jr.,

Eureka, American Dental Society of Anesthesiology Award and American Academy of Oral Pathology Award; Karl Wagenknecht, Streator, American Association of Endodontists Award; C. V. Mosby Scholarship Book Award (Stage III) and Omicron Kappa Upsilon Honor Society Award; Steven A. Carr, Palos Heights, American Academy of Periodontology Award; Randall D. Bell, Granite City, American Academy of Dental Radiology Award, Dentsply International Award and St. Clair District Dental Society Award.

Mark S. Friederich, O'Fallon, American Society of Dentistry for Children Award; Brent Wolford, Edwardsville, Owen Jacquemin Sullivan Award; Dean W. Drake, Belleville, American College of Dentistry Award.

Stephen M. Conway, Granite City, Madison District Dental Society Award; Michael G. Corrales, Fairview Heights, C. V. Mosby Scholarship Book Award (Stage III) and Omicron Kappa Upsilon Honor Society Award; Norman E. Grover, Alton, C. V. Mosby Scholarship Book Award.

Glen E. Enloe, Arlington Heights, Omicron Kappa Upsilon Honor Society Award; Russell Wengen, Springfield, Stage II, and Dan Speckhart, Quincy, Stage I, C. V. Mosby Scholarship Book Awards.

The awards by the local dental societies were presented by the immediate past-presidents, Dr. Frank Bellipanni of the Madison Society, and Dr. John R. Lintz of the St. Clair Society. Dr. Lintz was represented by Dr. Bruno Kwapis, a faculty member and former president of the St. Clair Society.

Dr. Hazen said the students generally were selected for the awards by the faculty. "In some cases, where an award is related to patient care aspects beyond actual clinical performance, students and staff participated in the selection process," the dean said.

The awards luncheon was co-sponsored by the SIUE Alumni Association, represented by Warren Stookey, director, and Paul Severinsky, president-elect, who brought greetings from the Association and gave mementoes of the occasion. Mementoes also were given on behalf of the SIUE Foundation by Charles Schweitzer, executive director.

Service is alderman's job, Kiwanians told

"To help people and to make the city a better place to live for your family and others is the only reason anyone should run for alderman," Ronald Coleman, Seventh Ward alderman in Granite City, told the Breakfast Kiwanis Club meeting Thursday in Charlie's Restaurant.

"I decided to run for alderman when I and several other people were not too happy in 1969 with the way the sewer lines were being taken care of, and I thought there could be a better way."

"I enjoy trying to help the people, and when people have a problem relating to the city they should not hesitate to call on their alderman."

That is why we were elected. The aldermen can't always please everyone, but we can try to do what is best for the majority of people," Coleman emphasized.

He explained to the club that there are 14 aldermen, two from each of the city's seven wards, with one elected every two years to four-year terms.

"The aldermen after an election meet and decide what committees they want to be on and when we get the list of

members for the 16 committees, we give it to the mayor who appoints the chairman of each committee," he said.

Coleman, who is chairman of the Finance Committee and serves on three other committees, in addition to being the council's representative on the Library Board, said that meetings are conducted under Roberts Rules of Order, and that various ordinances govern meetings. He pointed out that aldermen are paid for attending only regularly called council meetings, but not for committee meetings.

Alderman Coleman noted that this is the sixth and final year for revenue sharing funds. He said the city has received \$5 million in federal funds this year will get around \$400,000. If the program is not renewed next year the city would face serious financial problems, he said.

Progress in accrediting state hospital programs

Two Illinois Department of Health and Developmental Disabilities facilities have been cited for excellence by the Joint Commission on Accreditation of Hospitals for superior progress in mental retardation and psychiatric services, Director LeRoy F. Levitt, M.D., reports.

Jacksonville State Hospital, Jacksonville, received accreditation for two years for mental retardation programs and one year for psychiatric progress.

Andrew McFarland Zone Center, Springfield, was re-accredited for two years for both its psychiatric and mental retardation programs.

In 1973, McFarland Zone Center was the first facility in the U. S. to be accredited for two years in both psychiatric and mental retardation categories. Jacksonville State Hospital is the fifteenth DMHDD facility to receive accreditation.

Dr. Levitt commented that McFarland Zone Center's continued achievement is an indication that accreditation excellence can be sustained over a period of years.

Accreditation occurs when a mental health facility applies voluntarily to the JCAH for a field visit and is found to measure up successfully to the commission's standards.

The survey takes into consideration the quality of the buildings and grounds, administration and organization, services, treatment programs and community relations.

Dr. Levitt said accreditation is a top priority for the department's remaining 13 facilities.

FORCE OPEN TRUNK
Janis Wideman, 2307 August St., reported last week that a thief forced open the trunk of her parked auto and stole two speakers, valued at \$300, and a set of jumper cables, worth \$12.

Something Great is Happening

The great news is we're joining the Gallery of Homes, a national network of real estate professionals specializing in residential sales.

Today, real estate is a national business. The buyer of your home may be an executive 2,000 miles away who's about to find out he's being transferred to your city.

Or, perhaps, you'll be relocating soon and would like to do your preliminary shopping from the comfort of our Gallery. You'll still find the same staff of competent professionals and the same friendly atmosphere here. Joining Gallery of Homes just means we're getting even better.

R. E. O. SPEEDWAGON is the unlikely name of this heavy rock music group, which will be featured Friday night, Aug. 15, at the Mississippi River Festival, held in the SIUE outdoor performing arts facility.

SANDRA WALKER. The mezzo soprano will sing with the St. Louis Symphony Saturday night at the Mississippi River Festival.

ROBERT NAGY. A tenor, he will participate in an all-Biet symphonic concert at the River Festival at 8:30 p.m. Saturday.

PETER NERO. The famed pianist and conductor will appear Sunday, Aug. 17, at 7:30 p.m. with the St. Louis Symphony Orchestra at the Mississippi River Festival.

Rock to classical music at River Fest this week

An arts and crafts exhibition, three appearances by the St. Louis Symphony, and rock concerts by Harry Chapin and R.E.O. Speedwagon will highlight this week, the seventh week of activities at the Mississippi River Festival.

The campus of Southern Illinois University at Edwardsville will be the scene of the concerts and exhibition, Harry Chapin is in tonight's spotlight. The arts and crafts event Friday and Saturday will have over 55 craftsmen selling their wares, as well as demonstrating and displaying such crafts as macramé, ceramics, leather work, rug weaving and wood carving.

On Friday, the program begins at 4 p.m., and admission to the grounds is \$2. The admission to the grounds allows an individual to remain for the evening's R.E.O. Speedwagon concert.

Saturday's exhibition precedes an all-Biet program by the St. Louis Symphony featuring Sandra Walker, mezzo soprano, and Robert Nagy, tenor.

Admission to the exhibition, which begins at 3 p.m., is free until 6 p.m. After 6 p.m., admission is \$2, and includes lawn seating for the symphony performance. Along with the crafts on display, there will be strolling musicians, a hot air balloon ascension and special dance presentations.

The three symphonic per-

formances this week will include Saturday's Biet program, a special program Thursday featuring ballet music by Tchaikovsky, Bernstein and Ravel, and a Sunday performance with Peter Nero as pianist and conductor.

The Sunday, Aug. 17, performance of the Symphony will begin at 7:30 p.m. The other concerts will start at 8:30 p.m.

Appearing with the Symphony Thursday night will be a "brilliant young pianist," Jeffrey Swann, the 23-year-old has won numerous honors and triumphs on the concert pianist trail, including the gold medal at the La Scala first international Dino Ciani competition in Milan, Italy.

Swann has, according to one critic, "just about everything one could ask from a pianist—dazzling technique, extreme accuracy, extraordinary control, beautiful variety of tone colors, and musical expressiveness."

Peter Nero, who started his musical career on a toy xylophone, is called one of the great pianists in the world. His abilities range from classical to pop, such symphonies as the Boston Pops, the Royal Philharmonic,

the Cleveland Symphony and the Philadelphia Symphony. Harry Chapin, kicking off the week with his performance tonight, is known for his unique style, which uses lyrics to tell complete stories. His hit song, "Taxi," is an example of this style.

Appearing with Chapin will be his brother, Tom, star of "Make A Wish" on network television. On Friday night, R.E.O. Speedwagon will present its show.

The group, which began in the late 1960s on the campus of the University of Illinois, has risen to international acclaim.

The group reached headline status during its 1972-73 tour, after its second album, "R. E. O. T. W. O.," proved to be a major hit.

Neal Doughty, founder of the band, says it performs best in front of audiences. The live performances of the band in heavy rock style are described as dynamic.

COINS STOLEN

Mrs. Josephine Banks, 1106 Logan St., reported to Venice police last week that her apartment over her store was entered and thieves took \$300 worth of silver coins and a movie camera.

DuQuoin State Fair Aug. 22 to Sept. 1

Big name entertainment is to be offered at this year's DuQuoin State Fair Aug. 22 - Sept. 1 on the 800-acre, lake-studded Hayes Fair Acres in DuQuoin.

The 1975 fair features the 50th annual Hambletonian, the Kentucky Derby of harness racing. For the first time, the "Hambo" is being nationally televised this year.

Another first will be pari-mutuel betting on the five full days of the Grand Circuit harness racing Aug. 27 - Sept. 1. The Hambletonian, Aug. 30, attracts people from all over the world, from the local farmer whose predecessors started harness racing with their horses and buggies, to the foreign millionaire whose silks may be on a favored sulky.

There will be all-star entertainment every night.

On Saturday, Aug. 25, superstars of country-western will perform: Mel Tillis, Dolly Parton, Leroy Van Dyke, and Billy "Crash" Craddock. That Sunday, there will be more of the same, with Bobby Bare and Family, Barbara Mandrell, Mel Tillis, and Johnny Rodriguez.

The rest of the lineup includes: Aug. 25, Charlie Rich, at 6 p.m. and 9 p.m.; Aug. 26-27, singer, TV star-composer Jim Stafford, along with the Royal Lipzian horses and the musical group, Jack D'Johns.

Aug. 28-31, impressionistic comic Rich Little, and the Young Americans bi-centennial show. At 2 p.m. on Aug. 31, rock fans will hear "America" highlight SIU Day.

The biggest show of all is likely to be the one on Labor Day night, Sept. 1—Jim Nabors and Barbi Benton.

All shows will be at 8 p.m. unless otherwise noted.

Or cars more your style? The DuQuoin State Fair will host three U.S. Auto Club national

championship races: Aug. 22, the midwest car race; Aug. 23, a 100-mile late model stock car race, and Aug. 24, the Coca-Cola 100-mile dirt car race. Big names like Max Baer and A. J. Foyt are expected.

Also featured will be restaurants and a beer garden, livestock judging, large farm and home shows, dozens of educational and commercial exhibits in the "Exhibitors Big Top," a midway full of rides and games, and the \$6,000 Illinois Tractor Pulling Association tractor pull at 1 p.m. Monday, Aug. 25 (Farm Day).

The fair promises "something for everyone—all 300,000-plus visitors—but in the friendly, beautiful small town setting unique to Southern Illinois."

That part of Illinois is a vacation area for canoeing, swimming, hiking, fishing and camping. Hayes Fair Acres itself is a year-round campground and recreational facility.

Nearby are the rugged Shawnee National Forest, Lake Murphysboro State Park, Crab Orchard Lake on the National Wildlife Refuge and the less developed but equally popular Rend Lake.

History buffs will explore the French Colonial District further south along the Mississippi River.

Carbondale, Murphysboro, Benton, Mt. Vernon and West Frankfort, all a short drive from the fairgrounds, offer accommodations along with tiny DuQuoin.

The Illinois Office of Tourism, 222 S. College, Springfield 62704 or 2208 W. Main, Marion 62959, or the Illinois Adventure Center, 169 N. LaSalle St., Chicago, can help residents and visitors with vacation and weekend travel plans in the region.

Assumption preparing for new school year

As Assumption High School prepares for the opening of the 1975-76 school term, several items merit a place on the calendar. Not the least of these is the fund-raising voucher, which school officials say has added a new dimension to the lives of both the students and their parents.

The voucher can be received either by direct payment as part of the tuition or through participation in a specific activity. Parents are to return the preference sheets by Thursday, Aug. 14. A separate sheet must be filled out for each student in the family.

Each day during the week of Aug. 18-22 will hold special importance for certain groups of the Assumption community.

On Monday and Tuesday, Aug. 18 and 19, student members and faculty coordinators of the four Divisional Councils will have the opportunity to meet together. The sessions will enable the Councils to become informed and prepared for leadership in varied endeavors during the year.

Book sales also will be taking place during these days.

According to the procedure for this year, students will be charged for the textbooks they will need for the entire term. However, course fees will be charged on a quarterly basis, as applicable, based on the student's schedule.

Course fees for the first quarter must be paid at this time so that the student ID card

can be issued. Book lists, which must be submitted along with the schedule for the first quarter, are to be used to determine texts to be purchased.

Used books may be handed in for this service.

Students are to adhere to this basic schedule for buying books: Aug. 18 — seniors, 8:30-11:30 a.m. and juniors, 1:30-3:30 p.m.; Aug. 19 — sophomores, 8:30-11:30 a.m. and freshmen, 1:30-3:30 p.m.

The faculty will convene for discussions and final preparations on Wednesday, Aug. 20.

The following days will be set aside for student orientation and will begin at 9 a.m. Freshmen will report Thursday, Aug. 21, and sophomores, juniors and seniors on Friday, Aug. 22.

"It is essential for all students to bring their first quarter schedules, which they received earlier. All freshmen and students new to the school must submit their physical examination forms in the office before the first day of school," a spokesman said.

LAWN MOWER STOLEN

A 20-inch lawnmower, valued at \$80, was stolen from beneath a rear porch at the home of Edward Bringer, 3440 Grand Ave., he reported last week.

MEET IN LAS VEGAS. Granite City legal investigator, John P. Foster (left), meets TV private detective William Conrad at the ninth annual convention and national seminar of the National Association of Legal Investigators in Las Vegas. Conrad, who portrays Frank Cannon, a private investigator, on the weekly CBS-TV series "Cannon," was the guest speaker at the closing banquet of the convention, held at the MGM Grand Hotel. At right is Anthony M. Golec, a legal investigator from Belleville.

GC Park District to register preschoolers

The Granite City Park District will hold preschool registration Tuesday at the Wilson Park office, starting at 9 a.m.

Children attending preschool classes must be 4 years old before Oct. 1, Harold Brown, park district superintendent, said.

The fall session will begin Sept. 22 at the Namekik Recreation Center. Classes meet twice weekly.

Although the program is free to residents of the Granite City Park District, Brown said a \$2 insurance fee is required for each child. Parents also contribute 25 cents at each session for juice and cookies, he explained.

Proof of residency must be shown at the time of registration. Should openings exist in the classes, non-residents whose names are included on a waiting list will be contacted, Brown said. Non-residents will be charged a \$7 fee per child.

TELEVISION STOLEN

A door panel was pushed open to gain access to a lock and to enter the home of Janice Hahne, 2027 Bryan Ave. A 21-inch black and white television set, valued at \$180, and a carton of cigarettes, valued at \$4.50, were taken.

Retired Persons meet Wednesday

The Granite City chapter of the American Association of Retired Persons (AARP) will hold a general membership meeting Wednesday at Brunswick Tri-Motor Bowl, Mrs. Vina Law, president, has announced. Mrs. Law, who is in charge of the local chapter's kitchen band, said the group entertained the Collinsville AARP last week and performed at the Granite City Army Installation during the weekend.
